

Innocademy Sports Waiver

My child will be participating in an extracurricular sport at Innocademy. I attest that he/she is in good physical health and has been evaluated by a physician. Innocademy is not responsible for determining my child's physical health nor ability to participate in the sport. I, the parent, am responsible for determining that based on my physician's advice.

Signature

Date

To participate in a Middle School sport, Innocademy must have a current physical on file from your physician. Most offices have this form (just ask for the MS sports form). Please see your physician as soon as you can get an appointment.
