A determination of the causes for a particular condition, usually based on an assessment or evaluation. Diagnosis deals with the question "What are the reasons for?" For example, a diagnosis might deal with the reasons students are or are not meeting expected learning goals.

EVALUATION

A value judgment made about an assessment. For example, if an assessment shows a student has satisfactorily achieved 90% of the objectives of a course, the evaluation (judgment) might be that the student's achievement is "excellent" or "better-than-average" or "superior."

NORMS

A set of achievement levels attained by a given number or percentage of students from representative populations or areas of a state or the nation.

The next level is the achievement of Course of Study objectives, followed by the accomplishment of additional Courses of Study objectives, ultimately leading to the accomplishment of one (1) or more of the District's Educational Goals for Students.

ACADEMY ADMINISTRATOR EVALUATION

Reference: MCL 380.1249

The Board of Directors, through the powers derived from the School Code and other relevant statutes, has delegated its authority to employ and discharge personnel to the Educational Service Provider. To carry out this responsibility the Board delegates to the Educational Service Provider, the function of establishing and implementing a rigorous, transparent, and fair performance evaluation system that does all of the following:

- A. evaluates the School Administrator's job performance at least annually while providing timely and constructive feedback;
- B. establishes clear approaches to measuring student growth and provides school administrators with relevant data on student growth;
- C. evaluates a school administrator's job performance, using multiple rating categories that take into account data on student growth as a significant factor (For these purposes, student growth shall be measured by national, State, or local assessments and other objective criteria.); and
- D. uses the evaluations, at a minimum, to inform decisions regarding all of the following:
 1. the effectiveness of school administrators, so that they are given ample opportunities for improvement;
 2. promotion, retention, and development of school administrators, including providing relevant coaching, instruction support, or professional development;
 3. whether to grant full certification, to school administrators using rigorous standards and streamlined, transparent, and fair procedures; and
 4. removing ineffective school administrators after they have had ample opportunities to improve, and providing that these decisions are made using rigorous standards and streamlined, transparent, and fair procedures.

The evaluation program shall aim at the early identification of specific areas in which the individual administrator needs help so that appropriate assistance may be provided or arranged for. A supervisor offering suggestions for improvement to an administrator shall not release that professional staff member from the responsibility to improve. If an administrator, after receiving a reasonable degree of assistance, fails to perform his/her assigned responsibilities in a satisfactory manner, dismissal, or non-renewal procedures may be invoked. In such an instance, all relevant evaluation documents may be used.

Evaluations shall be conducted as stipulated in the revised School Code, the employment contract, the Administrative Procedures and as directed by the Michigan Department of Education. An administrator shall be given a copy of any documents relating to his/her performance which are to be placed in the personnel file.

The evaluation procedure set forth above in this policy shall be in effect as of September 1, 2011.

PARENT INVOLVEMENT IN THE ACADEMY PROGRAM

Reference: Sec. 1112, 1118 ESEA
MCL 380.1294

The Board of Directors recognizes and values parents and families as children's first teachers and decision-makers in education. The Board believes that student learning is more likely to occur when there is an effective partnership between the school and the student's parents and family. Such a partnership between the home and school and greater involvement of parents in the education of their children generally result in higher academic achievement, improved student behavior, and reduced absenteeism.

The term "families" is used in order to include children's primary caregivers, who are not their biological parents, such as foster caregivers, grandparents, and other family members.

Through this policy, the Board directs the establishment of a Parental Involvement Plan by which a school-partnership can be established and provided to the parent of each child in the Academy. The plan must encompass parent participation, through meetings and other forms of communication. The Parental Involvement Plan shall reflect the Board's commitment to the following:

A. **Relationships with Families**

1. cultivating school environments that are welcoming, supportive, and student-centered;
2. providing professional development for school staff that helps build partnerships between families and schools;^{1,2}
3. providing family activities that relate to various cultures, languages, practices, and customs, and bridge economic and cultural barriers;^{1,2}
4. providing coordination, technical support and other support to assist schools in planning and implementing family involvement activities.²

B. **Effective Communication**

1. providing information to families to support the proper health, safety, and well-being of their children;
2. providing information to families about school policies, procedures, programs, and activities;^{1,2}
3. promoting regular and open communication between school personnel and students' family members;
4. communicating with families in a format and language that is understandable, to the extent practicable;^{1,2}
5. providing information and involving families in monitoring student progress;²

6. providing families with timely and meaningful information regarding Michigan's academic standards, State and local assessments, and pertinent legal provisions;^{1,2}
7. preparing families to be involved in meaningful discussions and meetings with school staff.^{1,2}

C. **Volunteer Opportunities**

1. providing volunteer opportunities for families to support their children's school activities;²
2. supporting other needs, such as transportation and child care, to enable families to participate in school-sponsored family involvement events.²

D. **Learning at Home**

1. offering training and resources to help families learn strategies and skills to support at-home learning and success in school;^{1,2}
2. working with families to establish learning goals and help their children accomplish these goals;
3. helping families to provide a school and home environment that encourages learning and extends learning at home.¹

E. **Involving Families in Decision Making and Advocacy**

1. involving families as partners in the process of school review and continuous improvement planning;²
2. involving families in the development of its Academy-wide parent involvement policy and plan, and distributing the policy and plan to families.^{1,2}

F. **Collaborating with the Community**

1. building constructive partnerships and connecting families with community-based programs and other community resources;^{1,2}
2. coordinating and integrating family involvement programs and activities with Academy initiatives and community-based programs that encourage and support families' participation in their children's education, growth, and development.^{1,2}

Implementation

The Educational Service Provider will provide for a comprehensive plan to engage parents, families, and community members in a partnership in support of each student's academic achievement, the Academy's continuous improvement, and individual school improvement plans. The plan will be distributed to all parents and students through publication in the Student Handbook or other suitable means. The plan will provide for annual evaluation, with the involvement of parents and families, of the plan's effectiveness and identification of barriers to participation by parents and families. Evaluation findings will be used in the annual review of the Parent and Family Involvement policy and to improve the effectiveness of the Academy plan.

The Board of Directors does not discriminate on the basis of religion, race, color, national origin, sex, disability, age or genetic information in its programs, activities or employment.

Further, it is the policy of this Academy to provide an equal opportunity for all students, regardless of gender, religion, race, color, national origin or ancestry, age, disability, marital status, place of residence within the boundaries of the Academy, or social or economic status, and/or any other legally protected characteristic, to learn through the curriculum offered in this Academy.

In order to achieve the aforesaid goal, the Board directs the Educational Service Provider to:

A. Curriculum Content

review current and proposed courses of study and textbooks to detect any bias based on any legally protected interest; ascertaining whether or not supplemental materials, singly or taken as a whole, fairly depict the contribution of both genders, various races, ethnic groups, etc. toward the development of human society;

B. Staff Training

develop an ongoing program of in-service training for school personnel designed to identify and solve problems of any legally protected interest—or other bias in all aspects of the program;

C. Student Access

review current and proposed programs, activities, facilities, and practices to ensure that all students have equal access thereto and are not segregated on the basis of any legally protected interest in any duty, work, play, classroom, or school practice, except as may be permitted under State regulations;

This language does not prohibit the Academy from establishing and maintaining a single-gender school, class, or program within a school if a comparable school, class, or program is made available to students of each gender.

D. Academy Support

ensure that like aspects of the Academy program receive like support as to staff size and compensation, purchase and maintenance of facilities and equipment, access to such facilities and equipment, and related matters;

E. Student Evaluation

ensure that tests, procedures, or guidance and counseling materials, which are designed to evaluate student progress, rate aptitudes, analyze personality, or in any manner establish or tend to establish a category by which a student may be judged, are not differentiated or stereotyped on the basis of any legally protected interest.

The Academy will accommodate the use of certified service animals when there is an established need for such supportive aid in the school environment. Certain restrictions may be applied when necessary due to allergies, health, safety, disability or other issues of those in the classroom or school environment. The goal shall be to provide all students with the same access and participation opportunities provided to other students in school. Confirmation of disability, need for a service animal to access the school programming, and current certification/training of the service animal may be required.

The Educational Service Provider shall appoint and publicize the compliance officer whose responsibility it will be to ensure that Federal and State regulations are complied with and that any inquiries or complaints regarding discrimination or equal access are dealt with promptly in accordance with law. S/He shall also ensure that proper notice of nondiscrimination for Title II, Title VI, and VII of the Civil Rights Act of 1964, Title IX of the Education Amendment Act of 1972, and Section 504 of the Rehabilitation Act of 1973 is provided to students, their parents, staff members, and the general public.

The Educational Service Provider shall attempt annually to identify children with disabilities, ages 0-25, who reside in the Academy but do not receive public education.

In addition, s/he shall establish procedures to identify students who are Limited English Proficient (LEP), including immigrant children and youth, to assess their ability to participate in Academy programs, and develop and administer a program that meets the English language and academic needs of these students. This program shall include procedures for student placement, services, evaluation and exit procedures and shall be designed to provide students with effective instruction that leads to academic achievement and timely acquisition of proficiency in English. As a part of this program, the Academy will evaluate the progress of students in achieving English language proficiency in the areas of listening, speaking, reading and writing, on an annual basis (also see Policy 2225).

The Academy will endeavor to assist the student and/or his/her parents in their access to Academy programs by providing notices to the parents and students in a language and format that they are likely to understand.

Materials approved by the State Department of Education describing the benefits of instruction in Braille reading and writing shall be provided to each blind student's individualized planning committee. The Academy shall not deny a student the opportunity for instruction in Braille, reading, and writing solely because the student has some remaining vision.

The Educational Service Provider shall develop Administrative Procedures as needed for the proper implementation of this policy.

SECTION 504/ADA PROHIBITION AGAINST DISCRIMINATION BASED ON DISABILITY

Reference: 29 USC 794, Section 504 Rehabilitation Act of 1973, as amended
34 C.F.R. Part 104
42 USC 12101 et seq., Americans with Disabilities Act of 1990, as amended

Pursuant to Section 504 of the Rehabilitation Act of 1973 ("Section 504"), the Americans with Disabilities Act of 1990, as amended ("ADA") and the implementing regulations (collectively "Section 504/ADA"), no otherwise qualified individual with a disability shall, solely by reason of his/her disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. The Board of Directors does not discriminate in admission or access to, or participation in, or treatment, in its programs or activities. As such, the Board's policies and practices will not discriminate against students with disabilities, and will make accessible to qualified individuals with disabilities its facilities, programs, and activities. No discrimination will be knowingly permitted against any individual with a disability on the sole basis of that disability in any of the programs, activities, policies, and/or practices in the Academy.

An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aides and cochlear implants or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, assistive technology, reasonable accommodations or auxiliary aids or services, or learned behavioral or adaptive neurological modifications.

With respect to public preschool, elementary and secondary educational services, a qualified person with a disability means a disabled person:

- A. who is of an age during which nondisabled persons are provided educational services;
- B. who is of any age during which it is mandatory under Michigan law to provide educational services to disabled persons; or

- C. to whom the State is required to provide a free appropriate public education pursuant to the Individuals with Disabilities Education Improvement Act (IDEIA).

With respect to vocational education services, a qualified person with a disability means a disabled person who meets the academic and technical standards requisite to admission or participation in the vocational program or activity.

Academy Compliance Officer

The following person is designated as the Academy's Section 504 Compliance Officer/ADA Coordinator ("Academy compliance Officer").

Director
175 West Roosevelt Road
Zeeland, MI 49464
Phone: 616-748-3065

The Academy Compliance Officer is responsible for coordinating the Academy's efforts to comply with and fulfill its responsibilities under Section 504 and Title II of the ADA. A copy of Section 504 and the ADA, including copies of the implementing regulations, may be obtained from the Academy Compliance Officer.

The Academy Compliance Officer will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints.

The Educational Service Provider will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA. The Educational Service Provider will further establish and implement a system of procedural safeguards in accordance with Section 504, including the right to an impartial due process hearing.

Training

The Academy Compliance Officer(s) will also oversee the training of employees in the Academy so that all employees understand their rights and responsibilities under Section 504 and the ADA, and are informed of the Board's policies, Administrative Procedures and practices with respect to fully implementing and complying with the requirements of Section 504/ADA.

The Educational Service Provider will provide in-service training and consultation to staff responsible for the education of persons with disabilities, as necessary and appropriate.

Facilities

No qualified person with a disability will, because the Academy's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the Academy will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the Academy is committed to operating its programs and activities so that they are readily accessible to persons with disabilities. This includes, but is not limited to, providing accommodations to parents with disabilities who desire access to their child's educational program or meetings pertinent thereto. Programs and activities will be designed and scheduled so that the location and nature of the facility or area will not deny a student with a disability the opportunity to participate on the same basis as students without disabilities.

Education

The Board is committed to identifying, evaluating, and providing a free appropriate public education (FAPE) to students within its jurisdiction who are disabled within the definition of Section 504, regardless of the nature or severity of their disabilities.

If a student has a physical or mental impairment that significantly limits one or more major life activities, the Board will provide the student with a free appropriate public education. An appropriate education, may include regular or special education and related aids and services to accommodate the unique needs of students with disabilities. For disabled students who are not eligible for specially designed instruction under the IDEIA, the related aids and services (including accommodations/modifications/interventions) they need in order to have their needs met as adequately as the needs of nondisabled students are met, shall be delineated, along with their placement, in a Section 504 Plan (Form 2260.01A F13). Parents/guardians/custodians ("parents") are invited and encouraged to participate fully in the evaluation process and development of a Section 504 Plan.

The Board is committed to educating (or providing for the education of) each qualified person with a disability who resides within the Academy with persons who are not disabled to the maximum extent appropriate. Generally, the Academy will place a person with a disability in the regular educational environment unless it is demonstrated that the education of the person in the regular environment even with the use of supplementary aids and services cannot be achieved satisfactorily. If the Academy places a person in a setting other than the regular educational environment, it shall take into account the proximity of the alternate setting to the person's home.

The Academy will provide non-academic extracurricular services and activities in such a manner as is necessary to afford qualified persons with disabilities an equal opportunity for participation in such services and activities. Nonacademic and extracurricular services and activities may include counseling services, physical recreational athletics, transportation, health services, recreational activities, special interests groups or clubs sponsored by the Academy, referrals to agencies that provide assistance to persons with disabilities, and employment of students. In providing or arranging for the provision of meals and recess periods, and nonacademic and extracurricular services and activities, including those listed above, the Academy will verify that persons with disabilities participate with persons without disabilities in such services and activities to the maximum extent appropriate.

Notice

Notice of the Board's policy on nondiscrimination in education practices and the identity of the Academy's Compliance Officer will be posted throughout the Academy, and published in the Academy's recruitment statements or general information publications.

The Educational Service Provider shall develop Administrative Procedures for the proper implementation of this policy.

INTERSCHOLASTIC ATHLETICS

Reference: MCL 380.1289, 380.1318, Good Sportsmanship Campaign, Michigan High School Athletic Association

The Board of Directors recognizes the value to the Academy and to the community of a program of interscholastic athletics for as many students as feasible.

The program of interscholastic athletics should provide students the opportunity to exercise and test their athletic abilities in a context greater and more varied than that which can be offered by or the Academy alone.

The program should foster the growth of school loyalty with the student body as a whole and stimulate community interest in athletics.

Game activities and practice sessions should provide many opportunities to teach the values of competition and good sportsmanship.

The Board further adopts those eligibility standards set by the Constitution of the Michigan High School Athletics Association (MHSAA) and shall review such standards annually to ascertain that they continue to be in conformity with the objectives of this Board.

Since the primary purpose of the athletic program is to enhance the education of participating students as indicated in this policy, the Board places top priority on maximum student participation and the values of good sportsmanship, team play, and fair competition, rather than on winning, particularly at sub-varsity levels. The School Leader is to develop procedures for coaches to follow which will ensure that as many team members as possible get the chance to play, so they have the opportunity to benefit from the learning experience.

Use of a performance-enhancing substance by a student is a violation that will affect a pupil's athletic eligibility and extra curricular participation, as determined by the Board.

A list of performance-enhancing substances developed by the Department of Community Health can be found AG 2431D. This list will be distributed to parents.

The Educational Service Provider shall develop appropriate Administrative Procedures for the operation of the Athletic Program and a Code of Conduct for those who participate. Such procedures should provide for the following safeguards:

Prior to enrolling in the sport,

- A. Each participant shall submit to a thorough physical examination by a licensed physician.
- B. Parents shall report any past or current health problems along with a physician's statement that any such problems have or are being treated and pose no threat to the student's participation.
- C. Any student who is found to have a health condition which may be life-threatening to self or others shall not be allowed to participate until the situation has been analyzed by a medical review panel that has determined the conditions under which the student may participate.

- D. Any student who incurs an injury requiring a physician's care is to have written approval by a physician prior to the student's return to participation.

A female student shall be permitted to compete for a position in all interscholastic athletic activities. If the Academy has a girls' team in an interscholastic athletic activity, a female shall be permitted to complete for a position on any other team for that activity.

Drug-Testing of Athletes

The Board requires that each student enrolling in any of the Academy's interscholastic athletic programs agree to sign an enrollment application by which they agree to participate in a reasonable suspicion drug-testing program during the term of the athletic program in which the student will participate.

The Educational Service Provider shall develop Administrative Procedures which provide for a drug-testing procedure that will produce consistently reliable test results and protects the student's rights to privacy. A list of performance-enhancing substances developed by the State Department of Community Health shall be included in AG 2431. This list will be distributed to parents and local physicians who might provide such a test.

Any athlete who tests positive for any drug other than a prescribed medication shall be disciplined in accordance with due process and the Discipline Code adopted by the Board.

In support of the Michigan High School Athletic Association's program to strengthen sportsmanship, ethics, and integrity, the Board commits itself to:

- A. adopt policies (upon recommendation of the administration) which reflect the Academy's educational objectives and promote, the ideals of good sportsmanship, ethics, and integrity;
- B. establish standards for athletic participation which reinforce the concept that athletic activities are a privilege, not a right;
- C. attend and enjoy school athletic activities, serving as a positive role model and expecting the same from parents, fans, participants, coaches, and other school personnel;
- D. recognize the value of school athletic activities as a vital part of education.

In order to minimize health and safety risks to student-athletes and maintain ethical standards, school personnel, coaches, athletic trainers, and lay coaches should never dispense, supply, recommend, or permit the use of any drug, medication, or food supplement solely for performance enhancing purposes.

The Educational Service Provider is also to develop procedures for ensuring that sportsmanship, ethics, and integrity characterize the manner in which the athletic program is conducted and the actions of students who participate. Such procedures should include the MHSAA's set of expectations for each type of participant as well as the Sportsmanship Code of Conduct which each type of participant is to follow. The School Leader is authorized to implement suitable disciplinary procedures against those who violate this Code of Conduct.

The Educational Service Provider shall adopt Administrative Procedures that are consistent with State laws and regulations to coordinate services for children with disabilities.

LEAST RESTRICTIVE ENVIRONMENT POSITION STATEMENT

Reference: IDEA, 20 USC 1400, et. seq.

It is the philosophy and position of the Board of Directors that the primary responsibility for the administration and delivery of special education programs and services should be within the Academy and at the Academy a student would regularly attend, whenever appropriate.

Further, the Board endorses a commitment to the provision of a continuum of special education programs and services to disabled students in cooperation with the Ottawa Intermediate School District. Placement options shall follow a continuum of services model to ensure that each disabled person is provided a Free and Appropriate Public Education (FAPE) in the Least Restrictive Environment (LRE). To that end, every attempt will be made to first serve disabled students in the context of a regular education classroom. Other more restrictive environments such as: resource rooms, self-contained categorical classrooms, or settings outside of the Academy will be considered only after consideration has been given by the I.E.P. as to the feasibility of placement in the regular classroom.

The Educational Service Provider shall develop Administrative Procedures for the proper implementation of this policy.

General Policy Statement

It is the policy of the Board of Directors to maintain an education and work environment which is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all Academy operations, programs, and activities. All students, administrators, teachers, staff, and all other Academy personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on Academy property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against harassment based on sex, race, color, national origin, religion, disability, genetic information, or any other unlawful basis, and encourages those within the Academy community as well as third parties, who feel aggrieved to seek assistance to rectify the problems. The Board will investigate all allegations of harassment and in those cases where unlawful harassment is substantiated, the Board will take immediate steps to end the harassment. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action.

For purposes of this policy, "Academy community" means students, administrators, teachers, staff, and all other Academy personnel, including Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

For purposes of this policy, "third parties" include, but are not limited to, guests and/or visitors on Academy property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact with members of the Academy community at Academy-related events/activities (whether on or off Academy property).

Other Violations of the Anti-Harassment Policy

The Board will also take immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging harassment, or who has participated as a witness in a harassment investigation.
- B. Filing a malicious or knowingly false report or complaint of harassment.
- C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of harassment, when responsibility for reporting and/or investigating harassment charges comprises part of one's supervisory duties.

Definitions

Sexual Harassment

Pursuant to Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972, "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity;
- B. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual;
- C. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender.

Prohibited acts that constitute sexual harassment may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.
- B. Physical assault.
- C. Threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.

- D. Unwelcome verbal expressions of a sexual nature, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls.
- E. Sexually suggestive objects, pictures, videotapes, audio recordings or literature, placed in the work or educational environment, which may embarrass or offend individuals.
- F. Unwelcome and inappropriate touching, patting, or pinching; obscene gestures.
- G. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.
- H. Remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.
- I. In the context of employees, consensual sexual relationships where such relationship leads to favoritism of a subordinate employee with whom the superior is sexually involved and where such favoritism adversely affects other employees or otherwise creates a hostile work environment.
- J. Inappropriate boundary invasions by an Academy employee or other adult member of the Academy community into a student's personal space and personal life.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects an individual's employment or education, or such that it creates a hostile or abusive employment or educational environment.

[NOTE: Sexual conduct/relationships with students by Educational Service Provider employees or any other adult member of the Academy community is prohibited, and any teacher, administrator, coach, or other school authority who engages in sexual conduct with a student may also be guilty of the criminal charge of "sexual battery". The issue of consent is irrelevant in regard to such criminal charge and/or with respect to the application of this policy to Academy personnel or other adult members of the Academy community.]

Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin Harassment

Prohibited national origin harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disabling condition, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like. Such harassment may further occur where conduct is directed at or pertains to a person's genetic information.

Reports and Complaints of Harassing Conduct

Members of the Academy community and third parties are encouraged to promptly report incidents of harassing conduct to an administrator, supervisor or other Academy official so that the Board may address the conduct before it becomes severe, pervasive, or persistent.

Members of the Academy community or third parties who believe they have been unlawfully harassed by another member of the Academy community or a third party are entitled to utilize the Board's complaint process. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The names and titles of the Anti-Harassment Complaint Coordinators with whom complaints of sexual and other forms of unlawful harassment should be filed are set forth in the Administrative Procedures that supplement this policy. The names and titles of these individuals will be published annually in the parent and staff handbooks.

The Educational Service Provider shall establish Administrative Procedures describing both a formal and an informal process for making a charge of harassment, a process for investigating claims of harassment, and a process for rendering a decision regarding whether the claim of harassment was substantiated. This policy and the Administrative Procedures will be readily available to all members of the Academy community and posted in appropriate places throughout the Academy.

Any Educational Service Provider employee who directly observes unlawful harassment of a student is obligated, in accordance with this policy, to report such observations to one of the Complaint Coordinators. Thereafter, the Complaint Coordinator must contact the student, if age eighteen (18) or older, or the student's parents if under the age eighteen (18), to advise s/he/them of the Board's intent to investigate the alleged misconduct, including the obligation of the Complaint Coordinator or designee to conduct an investigation following all the procedures outlined for a formal complaint.

Privacy/Confidentiality

The Academy will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's and the Educational Service Provider's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and its related Administrative Procedures shall be maintained as confidential to the extent permitted by law.

Informal Process for Addressing Complaints of Harassment

The Administrative Procedures will include an informal complaint process to provide members of the Academy community or third parties who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Members of the Academy community or third parties who believe that they have been unlawfully harassed may initiate their complaint through this informal complaint process, but are not required to do so. The Administrative Procedures will include as a requirement the prerequisite that the informal process is only available in those circumstances where the parties (alleged target of harassment and alleged harasser(s)) agree to participate in the informal process. Those members of the Academy community or third parties who believe that they have been unlawfully harassed may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process. However, all complaints of harassment involving an employee or any other adult member of the Academy community against a student will be formally investigated.

Formal Process for Addressing Complaints of Harassment

The Administrative Procedures will also include a formal complaint process. While the formal complaint process may serve as the first step to resolution of a charge of unlawful harassment, it is also available in those circumstances when the informal complaint process fails to satisfactorily resolve a concern. Because of the need for flexibility, no specific time lines are established for initiating the formal complaint process; however, once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within thirty-one (31) calendar days of the complaint being received).

Members of the Academy community or third parties who feel they have been unlawfully harassed should file a formal written complaint with the principal of their school building or with one of the Complaint Coordinators identified in the Administrative Procedures. Oral complaints of harassment will be reduced to writing by the individual receiving the complaint and the Complainant will be asked to verify the accuracy of the reported charge by signing the document. Complaints received by a school building principal will be immediately reported to the appropriate Complaint Coordinator identified in the Administrative Procedures.

After a complaint is filed, the Complaint Coordinator or designee shall conduct a prompt and timely investigation. The investigation may include interviews of the complainant, the individual accused of engaging in harassing behavior, and any other witness who may reasonably be expected to have information relevant to the situation. All interviewed parties and witnesses will be provided an opportunity to present any evidence that they reasonably believe to be relevant to the situation.

At the conclusion of the investigation the Complaint Coordinator or designee will prepare and deliver to the School Leader a written report summarizing the evidence gathered during the investigation and providing his/her recommendations regarding whether or not the complaint of unlawful harassment has been substantiated. The written report must be based on the totality of the circumstances involved in the complaint, the nature of the alleged conduct, the context in which the alleged conduct occurred, and the ages and maturity of the individuals involved.

A copy of the written report will also be delivered to the member of the Academy community or third party making the complaint and the individual accused of the harassing conduct.

Upon review of the written report the School Leader will either issue a final decision regarding whether or not the complaint of unlawful harassment was substantiated, or request that further investigation be conducted. A copy of School Leader's action will be delivered to both the Complainant and the individual accused of the harassing conduct.

A Complainant who is dissatisfied with the School Leader's decision may appeal it to the School Leader's employer of record by submitting written notice to the School Leader within ten (10) days of the date of the School Leader's decision. Upon receipt of a notice of appeal, the employer of record shall meet within ten (10) days after the School Leader's receipt of the appeal notice, to review the complaint and the summary of the investigation. Following the meeting, the employer of record will issue a decision either affirming, modifying, or rejecting the School Leader's decision. The decision shall be final.

The Complaint process set forth in the policy and in the Administrative Procedures is not intended to interfere with the rights of a member of the Academy community or a third party to pursue a complaint of unlawful harassment with the United States Department of Education, Office for Civil Rights, the Michigan Civil Rights Commission, or the Equal Employment Opportunity Commission.

The Board reserves the right to investigate and resolve a complaint or report of unlawful harassment regardless of whether the member of the Academy community or third party alleging the harassment pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy and Administrative Procedures or in such other manner as deemed appropriate by the Board or its designee.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the Board and/or Educational Service Provider shall be reasonably calculated to eliminate such conduct in the future.

Education and Training

In support of this Anti-Harassment Policy, the Board and Educational Service Provider promote preventative educational measures to create greater awareness of unlawful discriminatory practices. The Educational Service Provider or designee shall provide appropriate training to all members of the Academy community related to the implementation of this policy and its accompanying Administrative Procedures. All training regarding the Board's policy and Administrative Procedures and harassment in general, will be age and content appropriate.

THREATENING BEHAVIOR TOWARD STAFF MEMBERS

The Board directs the Educational Service Provider to create a work environment free of threatening speech or actions.

Threatening behavior is defined as behavior consisting of any words or deeds that intimidates a staff member or causes anxiety concerning his/her physical and/or psychological well-being. Such behavior is strictly forbidden. Any student, parent, visitor, staff member, or agent of this Board found to have threatened a member of the staff will be subject to discipline, exclusion, and/or reported to the authorities.

The Educational Service Provider shall implement Administrative Procedures to establish procedures for prompt, effective action on any reported incidents and for notification of students, parents, employees, and others regarding this policy.

ADMISSION OF STUDENTS

Reference: MCL 380.502(3)(e)(iii); MCL 380.504

The Board of Directors will allow students who reside in Michigan to enroll in the Academy in accordance with limits established by the Board of Directors. Because space is limited, each student must enroll each year. Preferences will be in writing and given to currently-enrolled students and siblings of enrolled students.

When maximum enrollment for a grade has been reached, applicants shall be placed on a waiting list and admitted on the basis of a lottery system.

The Board authorizes the School Leader to deny admission to any student who has a record of behavior s/he believes would constitute a threat to the safety and well being of fellow students and staff. Any such denial shall be reported to the Board at its next regular meeting

Any pupil enrolled in a school identified as a "Persistently Dangerous School" shall be allowed to attend a safe school within the local District in which a public school academy is located. The Board of Directors shall offer the pupils attending a school identified as a Persistently Dangerous School the opportunity to transfer to a safe public school within the local District within ten days of receiving the official complaint.

The Educational Service Provider shall develop Administrative Procedures for the proper implementation of this policy.

Adopted 7/30/12

HOMELESS STUDENTS

Reference: 42 USC 11431 et. seq.

Children who meet the Federal definition of "homeless" will be provided a free and appropriate public education in the same manner as all other students of the Academy and will not be stigmatized or segregated on the basis of their status as homeless. No homeless student will be denied enrollment based on a lack of proof of residency. No Board policy, Administrative Procedure, or practice will be interpreted or applied in such a way as to inhibit the enrollment, attendance, or school success of homeless children.

Homeless students will be provided services comparable to other students in the Academy, including the following:

- A. transportation services;
- B. educational services for which the homeless student meets eligibility criteria including services provided under Title I of the Elementary and Secondary Education Act or similar State and local programs, educational programs for children with disabilities, and educational programs for students with limited English proficiency;
- C. programs in vocational and technical education;
- D. programs for gifted and talented students; and
- E. Academy nutrition programs.

The Board, at its annual organization meeting, will appoint a Liaison for Homeless Children to perform the duties as assigned. Additionally, the Liaison will coordinate and collaborate with the State Coordinator for the Education of Homeless Children and Youth and with community and Academy personnel responsible for the provision of education and related services to homeless children and youth.

EDUCATIONAL OPPORTUNITY FOR MILITARY CHILDREN

Reference: Interstate Compact on Educational Opportunity for Military Children
MCL 3.1041

Children of an active duty member of the United States armed services shall be entitled to all of the rights and protections afforded under the Interstate Compact on Educational Opportunity for Military Children (Compact).

The intent of this policy is to minimize the potential challenges to educational success for children of military families because of frequent moves and deployment of their parents by:

- A. facilitating the timely enrollment and placement of children of military families in educational and other school programs and activities;
- B. facilitating the on-time graduation of children of military families; and
- C. providing for the uniform collection and sharing of information between and among schools and military families.

The Educational Service Provider shall develop Administrative Procedures for implementation of this policy which are consistent with the Compact and State law.

These procedures shall apply to children of military families within the state as well as between member states.

USE OF MEDICATIONS

Reference: MCL 37.1211(a); 20 USC §§ 5812, 7114; 41 USC § 702; 42 USC §§ 12114, 12210; 28 CFR § 35.131; 29 CFR §§ 825.112, 1630.3; 49 CFR §§ 382.121, 382.401, 382.601

Neither the Board of Directors nor the School Leader shall be responsible for the diagnosis and treatment of student illness. The administration of prescribed medication and/or medically-prescribed treatments to a student during school hours will be permitted only when failure to do so would jeopardize the health of the student, the student would not be able to attend school if the medication or treatment were not made available during school hours, or the child is disabled and requires medication to benefit from his/her educational program.

For purposes of this policy, *medication* shall include all medicines including those prescribed by a physician and any non-prescribed (over-the-counter) drugs, preparations, and/or remedies and performance-enhancing drugs as defined in AG 2431C. *Treatment* refers both to the manner in which a medication is administered and to health-care procedures that require special training, such as catheterization.

Before any prescribed medication or treatment may be administered to any student during school hours, the Board shall require the written prescription from the child's physician and the written authorization of the parent.

Both must also authorize any self-medication by the student.

Before any non-prescribed medication or treatment may be administered, the Board shall require the prior written consent of the parent who must also authorize any self-medication by his/her child.

Medications will be administered by the Academy in accordance with the School Leader's procedures.

No student is allowed to provide or sell any type of over-the-counter medication to another student.

Only medication in its original container that is labeled with the date (if a prescription), the student's name, and exact dosage may be administered. Parents, or students authorized in writing by their physician and parents, may administer medication or treatment.

Staff members are to administer medication or treatment only in the presence of another adult, except in the case of an emergency that threatens the life or health of the student. Staff licensed as professional registered nurses are exempt from this requirement.

All staff authorized to administer medication or treatment will receive training on appropriate procedures for administering the medication or treatment. This training shall be provided by qualified individuals with knowledge of the Academy's policy and procedures and knowledge of the administration of medications or treatment.

All medication shall be kept in a locked storage case in the Academy's office.

The Board shall permit only trained staff to administer any medication requiring intravenous or intramuscular injection or the insertion of a device into the body when both the medication and the procedure are prescribed by a physician.

Students who may require the administration of an emergency medication may have such medication in accord with the School Leader's Procedures.

Students may possess and self-administer a metered dose or dry powder inhaler for relief of asthma (or before exercise to prevent onset of asthma symptoms), while at the school, on school-sponsored transportation, or at any school-sponsored activity in accordance with the Administrative Procedures, if all of the following conditions are met:

- A. There is written approval from the student's physician or other health care provider and the student's parent/guardian (if student is under eighteen (18) to possess and use the inhaler (Form 5330 F1c)
and
- B. The School Leader has received a copy of the written approvals from the physician and the parent/guardian.
and
- C. There is on file at the student's Academy a written emergency care plan prepared by a licensed physician in collaboration with the student and his/her parent/legal guardian. The plan shall contain specific instructions on the student's needs including what to do in the event of an emergency.

Students with a need for emergency medication may also be allowed to self possess and self administer such medication, provided that they meet the same conditions established above. Students who are prescribed epinephrine to treat anaphylaxis shall be allowed to self possess and administer the medication if they meet the conditions stated above.

This policy and the Administrative Procedures developed to establish appropriate procedures shall be implemented in such a manner to comply with Academy's obligations and the student's needs under any Individualized Education Plan, Section 504 Plan, or other legally required accommodation for individuals with disabilities.

The School Leader shall prepare Administrative Procedures to ensure the proper implementation of this policy.

GRADUATION REQUIREMENTS

Reference: MCL 380.1166, 380.1278a(1), 380.1278a(2), 380.1278a(4)(c), 380.1279b

The Board shall award a regular high school diploma to every student enrolled in this Academy who meets the requirements of graduation established by this Board, the Michigan Department of Education (MDE), and as provided by State law.

Credit may be earned by:

- A. traditional course work;
- B. demonstrating mastery of subject area content expectations or guidelines for the credit;
- C. related course work in which content standards are embedded;
- D. non-traditional course work;
- E. independent teacher-guided study;
- F. testing out;
- G. dual enrollment;
- H. advanced placement courses;
- I. international baccalaureate or other "early college" programs; or
- J. online class.

Special education students who properly complete the programs specified in their I.E.P., or in a personal curriculum, and meet the requirements for a high school diploma, and have received the recommendation of the I.E.P.C. may participate in graduation activities as recommended by the student's I.E.P.C. Reasonable accommodation shall be made for students with disabilities, as defined under State or Federal law, to assist them in taking any required tests or assessments for graduation.

For State-mandated curriculum requirements, a student shall be granted credit toward graduation if s/he successfully completes the subject area content expectations or guidelines developed by the department that apply to the credit. A student may also receive credit if s/he earns a qualifying score, as determined by the State on the assessments developed or selected for the subject area by the State or the student earns a qualifying score, as

determined by the Academy on one or more assessments developed or selected by the Academy that measure a student's understanding of the subject area content expectations or guidelines that apply to the credit. For subject areas and courses in which a final examination is used as the assessment for successful attainment of the subject area content, a grade of C+ or better is required.

The Board shall grant credit toward high school graduation for any student who successfully completes, prior to entering high school, a State-mandated curriculum requirement, provided s/he completes the same content requirements as the high school subject area, and the student has demonstrated the same level of proficiency on the material as required of the high school students.

For elective courses, which are not State-mandated curriculum requirements, the Board shall grant credit to any high school student who is not enrolled in the course, but has exhibited a reasonable level of knowledge of the subject matter of the course by achieving C+ or better in the final exam for the course, or, if there is no final exam, through the basic assessment used for the course, which may consist of a portfolio, paper, project, presentation or other established means.

Such credit shall be counted toward the required number of credits needed for graduation. Mastery credits shall be counted toward any subject area requirement and any course sequence requirement. Once mastery credit is earned in a subject area, a student may not receive further credit for a lower sequence course in the same subject area.

A high school student shall be granted credit in any foreign language not offered by the Academy providing the student meets the competency criteria established by the School Leader.

Commencement exercises will include only those students who have successfully completed requirements as certified by the School Leader. No student who has completed the requirements for graduation shall be denied a diploma as a disciplinary measure. A student may be denied participation in the ceremony of graduation, however, when personal conduct so warrants.

Adopted 7/30/12

STUDENT HAZING

The Board of Directors believes hazing activities of any type are inconsistent with the educational process and prohibits all such activities at any time in school facilities, on school property, and at any Academy-sponsored event.

For purposes of this policy, hazing shall be defined as performing any act or coercing another, including the victim, to perform any act of initiation into any class, group, or organization that causes, or creates a risk of causing, mental, emotional, or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing does not lessen the prohibitions contained in this policy.

Hazing involves conduct such as, but not limited to the following:

- A. illegal activity, such as drinking or drugs;
- B. physical punishment or infliction of pain;
- C. intentional humiliation or embarrassment;
- D. dangerous activity;
- E. activity likely to cause mental or psychological stress;
- F. forced detention or kidnapping; and/or
- G. undressing or otherwise exposing the person being hazed.

NOTE: If the school club or organization does not have an official and approved initiation procedure, and if no school staff is involved in the activity, there is a significant likelihood that the activity may result in violation of this policy. Michigan law also makes hazing a crime, punishable by fine and/or imprisonment.

Administrators, faculty members, and other personnel of the Academy shall be alert particularly to possible situations, circumstances, or events that might include hazing. If hazing or planned hazing is discovered, the students involved shall be informed by the discoverer regarding the prohibitions contained in this policy and shall be ordered to end all hazing activities immediately. All hazing incidents shall be reported immediately to the School Leader. Students, administrators, faculty members, and other employees who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil or criminal penalties.

The School Leader shall distribute this policy to all students and school employees, and shall incorporate it into building, staff, and student handbooks. It shall also be the subject of discussion at employee staff meetings or in-service programs developed by the Educational Service Provider.

General Policy Statement

It is the policy of the Board of Directors to maintain an education and work environment which is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all Academy operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on school property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against harassment based on sex, race, color, national origin, religion, disability, genetic information, or any other unlawful basis, and encourages those within the Academy community as well as third parties, who feel aggrieved to seek assistance to rectify the problems. The Board will investigate all allegations of harassment and in those cases where unlawful harassment is substantiated, the Board will take immediate steps to end the harassment. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action.

For purposes of this policy, "Academy community" means students, administrators, teachers, staff, and all other school personnel, including Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

For purposes of this policy, "third parties" include, but are not limited to, guests and/or visitors on Academy property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact with members of the Academy community at school-related events/activities (whether on or off Academy property).

Other Violations of the Anti-Harassment Policy

The Board will also take immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging harassment, or who has participated as a witness in a harassment investigation.

- B. Filing a malicious or knowingly false report or complaint of harassment.
- C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of harassment, when responsibility for reporting and/or investigating harassment charges comprises part of one's supervisory duties.

Definitions

Sexual Harassment

Pursuant to Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972, "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity;
- B. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual;
- C. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender.

Prohibited acts that constitute sexual harassment may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.
- B. Physical assault.
- C. Threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.
- D. Unwelcome verbal expressions of a sexual nature, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls.

- E. Sexually suggestive objects, pictures, videotapes, audio recordings or literature, placed in the work or educational environment, which may embarrass or offend individuals.
- F. Unwelcome and inappropriate touching, patting, or pinching; obscene gestures.
- G. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.
- H. Remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.
- I. Inappropriate boundary invasions by a employee or other adult member of the Academy community into a student's personal space and personal life.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects an individual's employment or education, or such that it creates a hostile or abusive employment or educational environment.

[NOTE: Sexual conduct/relationships with students by school employees or any other adult member of the Academy community is prohibited, and any teacher, administrator, coach, or other school authority who engages in sexual conduct with a student may also be guilty of the criminal charge of "sexual battery". The issue of consent is irrelevant in regard to such criminal charge and/or with respect to the application of this policy to school employees or other adult members of the Academy community.]

Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin Harassment

Prohibited national origin harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin and when the conduct has the purpose

or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disabling condition, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like. Such harassment may further occur where conduct is directed at or pertains to a person's genetic information.

Reports and Complaints of Harassing Conduct

Members of the Academy community and third parties are encouraged to promptly report incidents of harassing conduct to an administrator, supervisor or other Academy official so that the conduct may be addressed before it becomes severe, pervasive, or persistent.

Members of the Academy community or third parties who believe they have been unlawfully harassed by another member of the Academy community or a third party are entitled to utilize the Board's complaint process. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The names and titles of the Anti-Harassment Complaint Coordinators with whom complaints of sexual and other forms of unlawful harassment should be filed are set forth in the Administrative Procedures that supplement this policy. The names and titles of these individuals will be published annually in the parent and staff handbooks and on the Academy's Web site.

Privacy/Confidentiality

The Academy will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and its related Administrative Procedures shall be maintained as confidential to the extent permitted by law.

Academy personnel who directly observes unlawful harassment of a student is obligated, in accordance with this policy, to report such observations to one of the Complaint Coordinators. Thereafter, the Complaint Coordinator must contact the student, if age eighteen (18) or older, or the student's parents if under the age eighteen (18), to advise s/he/them of the Board's intent to investigate the alleged misconduct, including the obligation of the Complaint Coordinator or designee to conduct an investigation following all the procedures outlined for a formal complaint.

The Educational Service Provider shall establish Administrative Procedures describing both a formal and an informal process for making a charge of harassment, a process for investigating claims of harassment, and a process for rendering a decision regarding whether the claim of harassment was substantiated. This policy and the Administrative Procedures will be readily available to all members of the Academy community and posted in appropriate places throughout the Academy.

Informal Process for Addressing Complaints of Harassment

The Administrative Procedures will include an informal complaint process to provide members of the Academy community or third parties who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Members of the Academy community or third parties who believe that they have been unlawfully harassed may initiate their complaint through this informal complaint process, but are not required to do so. The Administrative Procedures will include as a requirement the prerequisite that the informal process is only available in those circumstances where the parties (alleged target of harassment and alleged harasser(s)) agree to participate in the informal process. Those members of the Academy community or third parties who believe that they have been unlawfully harassed may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process. However, all complaints of harassment involving a school employee or any other adult member of the Academy community against a student will be formally investigated.

Formal Process for Addressing Complaints of Harassment

The Administrative Procedures will also include a formal complaint process. While the formal complaint process may serve as the first step to resolution of a charge of unlawful harassment, it is also available in those circumstances when the informal complaint process fails to satisfactorily resolve a concern. Because of the need for flexibility, no specific time lines are established for initiating the formal complaint process; however, once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within thirty-one (31) calendar days of the complaint being received).

Members of the Academy community or third parties who feel they have been unlawfully harassed should file a formal written complaint with the principal of their school building or with one of the Complaint Coordinators identified in the Administrative Procedures. Oral complaints of harassment will be reduced to writing by the individual receiving the complaint

and the Complainant will be asked to verify the accuracy of the reported charge by signing the document. Complaints received by the School Leader will be immediately reported to the appropriate Complaint Coordinator identified in the Administrative Procedures.

After a complaint is filed, the Complaint Coordinator or designee shall conduct a prompt and timely investigation. The investigation may include interviews of the complainant, the individual accused of engaging in harassing behavior, and any other witness who may reasonably be expected to have information relevant to the situation. All interviewed parties and witnesses will be provided an opportunity to present any evidence that they reasonably believe to be relevant to the situation.

At the conclusion of the investigation the Complaint Coordinator or designee will prepare and deliver to the School Leader a written report summarizing the evidence gathered during the investigation and providing his/her recommendations regarding whether or not the complaint of unlawful harassment has been substantiated. The written report must be based on the totality of the circumstances involved in the complaint, the nature of the alleged conduct, the context in which the alleged conduct occurred, and the ages and maturity of the individuals involved.

A copy of the written report will also be delivered to the member of the Academy community or third party making the complaint and the individual accused of the harassing conduct.

Upon review of the written report the School Leader will either issue a final decision regarding whether or not the complaint of unlawful harassment was substantiated, or request that further investigation be conducted. A copy of School Leader's action will be delivered to both the Complainant and the individual accused of the harassing conduct.

A Complainant who is dissatisfied with the School Leader's decision may appeal it to the School Leader's employer of record by submitting written notice to the School Leader within ten (10) days of the date of the School Leader's decision. Upon receipt of a notice of appeal, the employer of record shall meet within ten (10) days after the School Leader's receipt of the appeal notice, to review the complaint and the summary of the investigation. Following the meeting, the employer of record will issue a decision either affirming, modifying, or rejecting the School Leader's decision. The decision shall be final.

The Complaint process set forth in the policy and in the Administrative Procedures is not intended to interfere with the rights of a member of the Academy community or a third party to pursue a complaint of unlawful harassment with the United States Department of Education, Office for Civil Rights, or the Equal Employment Opportunity Commission.

The Board reserves the right to investigate and resolve a complaint or report of unlawful harassment regardless of whether the member of the Academy community or third party alleging the harassment pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy and Administrative Procedures or in such other manner as deemed appropriate by the Board or its designee.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the Board and/or Educational Service Provider shall be reasonably calculated to eliminate such conduct in the future.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Educational Service Provider or designee shall provide appropriate training to all members of the Academy community related to the implementation of this policy and its accompanying Administrative Procedures. All training regarding the Board's policy and Administrative Procedures and harassment in general, will be age and content appropriate.

BULLYING AND OTHER AGGRESSIVE BEHAVIOR TOWARD STUDENTS

Reference: MCL 380.1310B (Matt's Safe School Law, PA 241 of 2011)
Policies on Bullying, Michigan State Board of Education
Model Anti-Bullying Policy, Michigan State Board of Education

It is the policy of the Academy to provide a safe and nurturing educational environment for all of its students.

This policy protects all students from bullying/aggressive behavior regardless of the subject matter or motivation for such impermissible behavior.

Bullying or other aggressive behavior toward a student, whether by other students, staff, or third parties, including Board members, parents, guests, contractors, vendors, and volunteers, is strictly prohibited. This prohibition includes written, physical, verbal, and psychological abuse, including hazing, gestures, comments, threats, or actions to a student, which cause or threaten to cause bodily harm, reasonable fear for personal safety or personal degradation.

Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

This policy applies to all "at school" activities in the Academy, including activities on school property, in school provided transportation, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the Academy's control, or where an employee is engaged in Academy business. Misconduct occurring outside of school may also be disciplined if it interferes with the school environment.

Notification

Notice of this policy will be **annually** circulated to and posted in conspicuous locations in all school buildings and departments within the Academy and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedure.

Parents or legal guardians of the alleged victim(s), as well as of the alleged aggressor(s), shall be promptly notified of any complaint or investigation as well as the results of the investigation to the extent consistent with student confidentiality requirements. A record of the time and form of notice or attempts at notice shall be kept in the investigation file.

To the extent appropriate and/or legally permitted, **confidentiality** will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations. Further, the appropriate authorities may be notified, depending on the nature of the complaint and/or the results of the investigation.

Implementation

The School Leader is responsible to implement this policy, and may develop further procedures, not inconsistent with this policy.

This policy is not intended to and should not be interpreted to interfere with legitimate free speech rights of any individual. However, the Academy reserves the right and responsibility to maintain a safe environment for students, conducive to learning and other legitimate objectives of the school program.

Procedure

Any student who believes s/he has been or is the victim of bullying, hazing, or other aggressive behavior should immediately report the situation to the School Leader or assistant School Leader. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator, Educational Service Provider or Board official. Complaints against the building principal should be filed with the School Leader. Complaints against the Academy School Leader should be filed with the Educational Service Provider.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports shall be made to those identified above. Reports may be made anonymously, but formal disciplinary action may not be taken solely on the basis of an anonymous report.

The School Leader (or other administrator as designated) shall promptly investigate and document all complaints about bullying, aggressive or other behavior that may violate this policy. The investigation must be completed as promptly as the circumstances permit after a report or complaint is made.

If the investigation finds an instance of bullying or aggressive behavior has occurred, it will result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement or other appropriate officials.

The individual responsible for conducting the investigation shall document all reported incidents and report all verified incidents of bullying, aggressive or other prohibited behavior, as well as any remedial action taken, including disciplinary actions and referrals, to the School Leader. The School Leader shall submit a compiled report to the Board on an annual basis.

Non-Retaliation/False Reports

Retaliation or false allegations against any person who reports, is thought to have reported, files a complaint, participates in an investigation or inquiry concerning allegations of bullying or aggressive behavior (as a witness or otherwise), or is the target of the bullying or aggressive behavior being investigated, is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy, independent of whether a complaint of bullying is substantiated. Suspected retaliation should be reported in the same manner as bullying/aggressive behavior.

Making intentionally false reports about bullying/aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

Definitions

The following definitions are provided for guidance only. If a student or other individual believes there has been bullying, hazing, harassment or other aggressive behavior, regardless of whether it fits a particular definition, s/he should report it immediately and allow the administration to determine the appropriate course of action.

"Aggressive behavior" is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well-being. Such behavior includes, for example, bullying, hazing, stalking, intimidation, menacing, coercion, name-calling, taunting, making threats, and hitting/pushing/shoving.

"At School" is defined as in a classroom, elsewhere on school premises, on a school bus or other school related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises. It also includes conduct using a telecommunications access device or telecommunications service provider that occurs off school premises if either owned by or under the control of the Academy.

"Bullying" is defined as any gesture or written, verbal, graphic, or physical act (including electronically transmitted acts – i.e. internet, telephone or cell phone, personal digital assistant (PDA), or wireless hand held device) that, without regard to its subject matter or motivating animus, is intended or that a reasonable person would know is likely to harm one (1) or more students either directly or indirectly by doing any of the following:

- A. substantially interfering with educational opportunities, benefits, or programs of one (1) or more students;
- B. adversely affecting the ability of a student to participate in or benefit from the Academy's educational programs or activities by placing the student in reasonable fear of physical harm or by causing substantial emotional distress;
- C. having an actual and substantial detrimental effect on a student's physical or mental health; and/or
- D. causing substantial disruption in, or substantial interference with, the orderly operation of the Academy.

Bullying can be physical, verbal, psychological, or a combination of all three. Some examples of bullying are:

- A. Physical – hitting, kicking, spitting, pushing, pulling; taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.
- B. Verbal – taunting, malicious teasing, insulting, name calling, making threats.

- C. Psychological – spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation. This may occur in a number of different ways, including but not limited to notes, emails, social media postings, and graffiti.

"Harassment" includes, but is not limited to, any act which subjects an individual or group to unwanted, abusive behavior of a nonverbal, verbal, written or physical nature, often on the basis of age, race, religion, color, national origin, marital status or disability, but may also include sexual orientation, physical characteristics (e.g., height, weight, complexion), cultural background, socioeconomic status, or geographic location (e.g., from rival school, different state, rural area, city, etc.).

"Intimidation/Menacing" includes, but is not limited to, any threat or act intended to: place a person in fear of physical injury or offensive physical contact; to substantially damage or interfere with person's property; or to intentionally interfere with or block a person's movement without good reason.

"Staff" includes all school employees and Board members.

"Third parties" include, but are not limited to, coaches, school volunteers, parents, school visitors, service contractors, vendors, or others engaged in Academy business, and others not directly subject to Academy control at inter-district or intra-district athletic competitions or other Academy events.

For further definition and instances that could possibly be construed as:
Harassment, see Policy 5517;
Hazing, see Policy 5516.

DRUG FREE ENVIRONMENT

Reference: MCL 37.1211(a); 20 USC §§ 5812, 7114; 41 USC § 702; 42 USC §§ 12114, 12210; 28 CFR § 35.131; 29 CFR §§ 825.112, 1630.3; 49 CFR §§ 382.121, 382.401, 382.601

The use, manufacture, possession, distribution, or dispensation of alcoholic liquor or the illegal use, manufacture, possession, distribution or dispensation of drugs or drug paraphernalia is strictly prohibited on school property, on school provided transportation, or at school-sponsored events. The Academy shall maintain a drug-free environment at all times.

Students found in possession of alcohol or illegal drugs (including drug paraphernalia), or found to be under the influence of such substances, shall be subject to discipline pursuant to the Academy Code of Conduct.

The School Leader shall establish a drug-free awareness program consistent with this policy and all applicable law. Such a program may include reasonable guidelines and procedures designed to ensure that an individual who has formerly engaged in the illegal use of drugs is no longer engaging in the illegal use of drugs.

Students of the Academy shall be provided with a copy of the standards regarding alcoholic liquor and illegal drugs, including drug paraphernalia, and shall be informed that compliance with these standards is mandatory.

PERFORMANCE-ENHANCING DRUGS/COMPOUNDS

Reference: MCL 333.26301 et seq., 380.1318

The Board of Directors recognizes the use of dietary supplements containing performance-enhancing compounds and/or performance-enhancing drugs poses a serious health risk to students.

Accordingly, no staff member, volunteer, or contractor shall knowingly sell, market, distribute, or promote the use of any dietary supplement containing a performance-enhancing compound or a performance-enhancing drug (e.g., anabolic steroids), to a student with whom the staff member, volunteer, or contractor has contact as a part of his/her duties. Furthermore, the staff member, volunteer, or contractor shall not endorse or suggest the ingestion, intranasal application, or inhalation of such a dietary supplement by a student with whom he/she has contact as part of his/her duties.

Use of a performance-enhancing substance regardless of source by a student is a violation that will affect a pupil's athletic eligibility and extra-curricular participation, as determined by the Board. A list of performance-enhancing substances developed by the State Department of Community Health shall be updated annually and included in AG 2431. This notice and list shall also be published in the Parent/Student Handbook provided annually.

EMERGENCY REMOVAL, SUSPENSION AND EXPULSION OF STUDENTS

Reference: MCL 380.1309; MCL 380.1312(8)&(9); MCL 37.1402; 20 USC §§ 5812, 5964, 5965, 7114, 7115, 7151; 42 USC § 290hh [Note: MCL 380.1311a was held to be unconstitutionally overbroad in *Smith ex rel. Smith v Mount Pleasant Public Academy*, 285 F Supp 2d 987 (ED Mich, 2003).]

Respect for law and for those persons in authority shall be expected of all students. This includes conformity to Academy rules as well as general provisions of law. Respect for the rights of others, consideration of their privileges, and cooperative citizenship also shall be expected of all members of the Academy community.

Respect for real and personal property; pride in one's work; achievement within the range of one's ability; and exemplary personal standards of courtesy, decency, and honesty should be maintained in the Academy.

The Educational Service Provider shall establish Administrative Procedures to carry out Board policy and philosophy, and shall hold all school personnel, students, and parents responsible for the conduct of students at the school, on school provided transportation, and at school-related events.

This Policy shall be included in the code of student conduct, which shall be reviewed periodically. This Policy shall comply with all applicable law. Any conflict between this Policy and applicable law shall be resolved in favor of applicable law.

The Board acknowledges that conduct is closely related to learning and that an effective instructional program requires an orderly school environment which is, in part, reflected in the behavior of students.

The Board requires each student of this Academy to adhere to the Code of Conduct established by the administration and to submit to such disciplinary measures as are appropriately assigned for infraction of those rules. Such rules shall require that students:

- A. Conform to reasonable standards of socially-acceptable behavior;
- B. Respect the person and property of others;
- C. Preserve the degree of order necessary to the educational program in which they are engaged;
- D. Respect the rights of others;
- E. Obey authority and respond to those who hold authority.

The School Leader shall develop procedures for student conduct that carry out the purposes of this policy and respect the individual rights constitutionally guaranteed to students.

Academy administration shall designate sanctions, excluding corporal punishment, for the infraction of rules which shall:

- A. Relate in kind and degree to the infraction;
- B. Help the student learn to take responsibility for his/her actions;
- C. Be directed, where possible, to reduce the effects of any harm which may have been caused by the student's misconduct.

The Board recognizes exclusion from the educational programs of the Academy, whether by suspension or expulsion, is the most severe sanction that can be imposed on a student and is one that cannot be imposed without due process, since exclusion deprives a child of the right to an education. The Board also recognizes that it may be necessary for a teacher to remove a student from class for conduct disruptive to the learning environment, and that such removals are not subject to a prior hearing, provided the removal is for a period of less than twenty-four (24) hours. However, if an emergency removal may result in a suspension, then due process must be ensured.

For purposes of this policy, suspension is defined as the short-term (not more than ten (10) days) or long-term (for more than ten (10) days but less than permanent expulsion) removal of a student from a regular Academy program. The School Leader may suspend a student for a period not to exceed 10 school days.

For purposes of this policy, unless otherwise defined in Federal and/or State law, expulsion is defined as the permanent exclusion of a student from the Academy. Students who are expelled may petition for reinstatement as provided below.

No student, otherwise eligible for attendance, shall be excluded from an Academy program, unless that student has substantially interfered with the maintenance of good order or unless it is necessary to protect that student's or other students' physical or emotional safety and well-being.

A student may be removed from a class, subject, or activity for one (1) day by his/her teacher for certain conduct as specified in the Code of Conduct, or he/she may be given a short-term suspension by the School Leader. A student so removed may be allowed to attend other classes taught by other teachers during the term of the one (1) day removal. A student removed from the same class for ten (10) days will receive a due process hearing for each suspension beyond ten (10) days, consistent with required due process for long-term suspensions. The Board designates the School Leader as its representative at any hearings regarding the appeal of a suspension.

The Board may either suspend a student for a period longer than ten (10) days or expel him/her.

In all cases resulting in short-term suspension, long-term suspension, or expulsion, appropriate due process rights must be observed.

The Educational Service Provider shall develop procedures to implement this policy that shall include the following:

- A. Strategies for providing special assistance to students in danger of being expelled and not achieving the academic outcomes of the Academy's core curriculum;
- B. Standards of behavior for all students in accordance with Academy Board policy on student discipline;
- C. Procedures that ensure due process; and
- D. Provision for make-up work at home, when appropriate.

PERMANENT EXPULSION

The Board will not tolerate behavior that creates an unsafe environment or a threat to safety.

Students with disabilities under IDEA or Section 504 shall be expelled only in accordance with their rights under federal law.

Physical Assault

The Board shall permanently expel a student in grade six or above if that student commits physical assault at the Academy against a staff member, a volunteer, or a contractor. Physical assault is defined as intentionally causing (or attempting to cause) physical harm to another through force or violence.

The Board shall suspend or expel a student in grade six or above for up to one hundred eighty (180) school days if the student commits physical assault at the Academy against another student.

Verbal Assault

The Board shall suspend or expel a student in grade six or above for a period of time, as determined at the Board's discretion, if the student commits verbal assault at the Academy against a staff member, a volunteer, or a contractor or makes a bomb threat (or similar threat) directed at the building, property, or a school-related activity. Verbal assault is a communicated intent to inflict physical or other harm on another person, with a present intent and ability to act on the threat.

Weapons

In compliance with state and federal law, the Board shall expel any student (unless as noted below) who possesses a dangerous weapon in the Academy's weapon-free school zone or commits either arson or criminal sexual conduct in a school building or on school property, including school buses and other Academy transportation.

For purposes of this policy, a "dangerous weapon" is defined by law as a firearm, dagger, dirk, stiletto, knife with a blade over three (3) inches in length, pocket knife opened by a mechanical device, iron bar, or brass knuckles. This definition also includes other devices designed to (or likely to) inflict bodily harm, including, but not limited to, air guns and explosive devices. The term "firearm" is defined as any weapon (including a starter gun) that will, is designed to, or may readily be converted to expel a projectile by the action of the explosive, the frame, or the bearer of any such weapon, as well as a firearm muffler, firearm silencer, or any such destructive device.

The Board need not expel a student for possession of a dangerous weapon if the student can establish the following to the satisfaction of the Board:

- A. The object or instrument was not possessed for use as a weapon, or for direct (or indirect) delivery to another person for use as a weapon;
- B. The weapon was not knowingly possessed;
- C. The student did not know (or have reason to know) that the object or instrument in his/her possession constituted a dangerous weapon; or
- D. The weapon was possessed at the suggestion, request, direction of, or with the express permission of the School Leader or the police.

The above exceptions will not apply to student misconduct involving sexual conduct or arson.

The School Leader shall ensure the expulsion is duly noted in the student's record, the student is referred to the Department of Human Services or Department of Community Health within three (3) school days after the expulsion, and the parents are informed of the referral. Furthermore, if a student who is expelled is below the age of sixteen (16), the School Leader shall ensure notification of the expulsion is given to the Juvenile Division of the Probate Court. In compliance with federal law, the School Leader shall also refer any student (regardless of age) expelled for possession of a dangerous weapon to the criminal justice or juvenile delinquency system serving the Academy. In addition, the School Leader shall send a copy of this policy to the State Department of Education and shall include a description of the circumstances surrounding the expulsion of the student for possessing a firearm or weapon in the Academy's weapon-free school zone, together with the name of the Academy, the number of students so expelled, and the types of firearms or weapons brought into the weapon-free school zone.

A student expelled under this policy may apply for reinstatement in accordance with the following guidelines:

- A. If the student is in grade five (5) or below at the time of the expulsion and was expelled for possessing a firearm or threatening another person with a dangerous weapon, the parents, legal guardian, adult student, or emancipated minor may submit a request for reinstatement after sixty (60) school days from the date of expulsion, but the student may not be reinstated before ninety (90) school days from the expulsion date.
- B. If the student is in grade five (5) or below at the time of the expulsion and was expelled for a reason other than possessing a firearm or threatening another person with a dangerous weapon, the parents, legal guardian, adult student, or emancipated minor may submit a request for reinstatement at any time, but the student may not be reinstated before ten (10) school days from the expulsion date.
- C. If the student is in grade six (6) or above at the time of the expulsion, the parents, legal guardian, adult student, or emancipated minor may submit a request for reinstatement after 150 school days from the date of the expulsion, but the student may not be reinstated before 180 school days from the expulsion date.
- D. The parent, adult student, or emancipated minor shall submit the request for reinstatement to the School Leader.
- E. Within ten (10) school days, the School Leader shall submit the request, together with any other information he/she deems pertinent, to a Board appointed committee consisting of two (2) Board members, a school administrator, a teacher, and a school-parent representative.
- F. Within ten (10) school days after being appointed, the committee shall review all pertinent information and submit its recommendation to the Board. The recommendation may be for unconditional reinstatement, conditional reinstatement, or non-reinstatement, based on the committee's consideration of the following:
 1. The extent to which reinstatement would create a risk of harm to students or school staff;
 2. The extent to which reinstatement would create a risk of school or individual liability for the Board or school staff;

3. The age and maturity of the student;
4. The student's school record before the expulsion incident;
5. The student's attitude concerning the expulsion incident;
6. The student's behavior since the expulsion and the prospects for remediation;
7. The degree of cooperation and support the parent has provided and will provide if the student is reinstated (if the request was filed by a parent), including, but not limited to the parent's receptiveness toward any conditions placed on the reinstatement. Such conditions, for example, might include a written agreement by the student and/or a parent who filed the reinstatement request to accomplish the following:
 - a. abide by a behavior contract involving the student, his/her parents, and an outside agency;
 - b. participate in an anger management program or other counseling activities;
 - c. cooperate in processing and discussing periodic progress reviews;
 - d. meet other conditions deemed appropriate by the committee;
 - e. accept the consequences for not fulfilling the agreed upon conditions.
8. The committee may also allow the parent, adult student, or emancipated minor to propose conditions as part of the request for reinstatement.

The Board shall make its decision no later than the next regular Board meeting following the committee's submission of its recommendations. The Board's decision shall be final and is not subject to appeal.

In the event a student who has been permanently expelled from another school requests admission to this Academy, in making its decision, the Board shall follow the same procedure it has established in paragraphs A-F, above, for the reinstatement of a student.

The School Leader shall ensure Board policies and procedures regarding a student's rights to due process are followed when dealing with a possible expulsion under this policy.

IN-SCHOOL DISCIPLINE

The purpose of this policy is to provide an alternative to out of school suspension. The availability of in-school discipline options is dependent upon the financial ability of the Board to support such a program.

In-school discipline will only be offered at the discretion of the School Leader for offenses found in the Student Code of Conduct.

The School Leader is to establish procedures for the proper operation of such a program and to ensure appropriate due-process procedures are followed as applicable. (See BP 5630.01)

DUE PROCESS RIGHTS

The Board recognizes the importance of safeguarding a student's constitutional rights, particularly when subject to the Academy's disciplinary procedures.

To better ensure appropriate due-process is provided a student, the Board establishes the following:

Students subject to short-term suspension:

Except when emergency removal is warranted, a student must be given oral or written notice of the charges against him/her and the opportunity to respond prior to the implementation of a suspension. When emergency removal has been implemented, notice and opportunity to respond shall occur as soon as reasonably possible. The School Leader or other designated administrator shall provide the opportunity to be heard and shall be responsible for making the suspension decision. An appeal may be addressed to the School Leader whose decision will be final.

Students subject to long-term suspension and expulsion:

A student and his/her parent or guardian must be given written notice of the intention to suspend or expel and the reasons therefore, and must also be given an opportunity to appear before the Board with a representative to answer the charges. The student and/or his/her guardian must also be provided a brief description of the student's rights and the hearing procedure, a list of the witnesses who will provide testimony to the Board, and a summary of the facts to which the witnesses will testify. At the student/parent's request, the hearing shall be held in closed session, but the Board must act publicly. The Board shall act by providing a written decision on any appeal of an expulsion, a request for reinstatement, or a request for admission after permanent expulsion from another school.

The School Leader shall develop procedures to ensure all members of the staff use the above guidelines when dealing with students. In addition, this statement of due process rights shall be placed in all student handbooks, in a manner that facilitates understanding by students and their parents.

CORPORAL PUNISHMENT

While recognizing that students may require disciplinary action in various forms, the Board does not condone the use of unreasonable force and fear as an appropriate procedure in student discipline.

Staff shall not use physical force or violence to compel obedience. If all other means fail, staff members may always resort to the removal of the student from the classroom or Academy through suspension or expulsion procedures.

Within the scope of their employment, all staff may use reasonable force and apply restraint to accomplish the following:

- A. restrain or remove a student who refuses to comply with a request to behave or report to the office;
- B. quell a disturbance threatening physical injury to self or others;
- C. obtain possession of weapons or other dangerous objects within the control of the student, for either self-defense; or
- D. the protection of persons or property.

In accordance with State law, corporal punishment shall not be permitted. If any staff member (full-time, part-time, or substitute) deliberately inflicts, or causes to be inflicted, physical pain upon the student (by hitting, paddling, spanking, slapping or any other kind of physical force) as a means of discipline, the staff member may be subject to discipline and possibly criminal assault charges. This prohibition also applies to volunteers and those with whom the Academy contracts for services.

The School Leader shall provide guidelines, including a list of alternatives to corporal punishment.

REMOVAL, SUSPENSION AND EXPULSION OF STUDENTS WITH DISABILITIES

The Academy shall abide by federal and state laws in matters relating to discipline, suspension, and expulsion of disabled students.

PURCHASING

Source: MCL 380.1267, 380.1274 et seq.

Each year the State of Michigan informs the Academy of the legal amount for purchases which require a formal bidding process of a single item.

It is the policy of the Board that the Educational Service Provider adhere to the following:

- A. Seek informal price quotations on purchases that are under fifty percent (50%) of the amount allowed by State statute for a single item, except in cases of emergency or when the materials purchased are of such a nature that price negotiations would not result in a savings to the Academy.
- B. When the purchase of, and contract for, single items of supplies, materials, or equipment is in excess of fifty percent (50%) but less than the amount allowed by State statute the Administrator shall whenever possible, require three (3) competitive price quotations.

Purchases in a single transaction that are in excess of the dollar amount permitted by State statute shall require competitive bids and, whenever possible, have at least three (3) such bids for substantiation of purchase and shall require approval of the Board prior to purchase.

Competitive bids are not required for items purchased through the cooperative bulk purchasing program operated by the Michigan Department of Management and Budget pursuant to M.C.L.A. 18.1263.

Competitive bids are not required for food purchases, unless food purchased in a single transaction costs \$100,000 or more.

When food purchased in a single transaction exceeds \$10,000, the Administrator shall, whenever possible, require three (3) competitive price quotations.

Bids shall be sealed and shall be opened by the Director or Treasurer in the presence of at least one (1) witness. All orders or contracts should be awarded to the lowest responsible bidder; however, consideration can be given to:

- A. the quality of the item(s) to be supplied;
- B. its conformity with specifications;
- C. suitability to the requirements of the Academy;
- D. delivery terms;
- E. past performance of vendor.

In addition to the factors above, the Board may consider and provide a preference to bidders:

- A. which use a Michigan-based business as the primary contractor.
- B. which use one (1) or more Michigan-based business as subcontractors.

For purposes of this preference a Michigan-based business means a business that would qualify for a Michigan preference for procurement contracts under MCL 18.1268, which requires that the businesses certify that since inception or during the last twelve (12) months it has done one of the following:

- A. have filed a Michigan business tax return showing an allocation of income tax base to Michigan
- B. have filed a Michigan income tax return showing income generated in or attributed to Michigan
- C. withheld Michigan income tax from compensation paid to the bidder's owners and remitted the tax to the Michigan Department of Treasury

This preference shall not apply to any procurement or project using Federal funds, nor shall it be used if it would violate any Federal law or requirements.

The Board reserves the right to reject any and all bids.

Contracts may be awarded by the Director or Treasurer without Board approval for any single item or group of identical items costing less than fifty percent (50%) of amount allowed by state statute. All other contracts require Board approval prior to purchase.

The Board shall be informed of the terms and conditions of all competitive bids and shall award contracts as a consequence of such bids.

The Educational Service Provider is authorized to purchase all items within budget allocations.

The Board should be advised of all purchases of equipment, materials, and services when the purchase

- A. was not contemplated during the budgeting process.
- B. exceeds the function by \$5,000 or ten percent (10%).

The Educational Service Provider is authorized to make emergency purchases, without prior approval, of those goods and/or services needed to keep the Academy in operation. Such purchases shall be brought to the Board's attention at the next regular meeting.

In order to promote efficiency and economy in the operation of the Academy, the Board requires that the Educational Service Provider periodically estimate requirements for standard items or classes of items and make quantity purchases on a bid basis to procure the lowest cost consistent with good quality.

Whenever storage facilities or other conditions make it impractical to receive total delivery at any one time, the total quantity to be shipped but with staggered delivery dates, shall be made a part of the bid specifications.

Before placing a purchase order, the Educational Service Provider shall check as to whether the proposed purchase is subject to bid, whether sufficient funds exist in the budget, and whether the material might be available elsewhere in the Academy. All purchase orders shall be numbered consecutively.

In the interests of economy, fairness, and efficiency in its business dealings, the Board requires that:

- A. opportunity be provided to as many responsible suppliers as possible to do business with the Academy;
- B. a prompt and courteous reception, insofar as conditions permit, be given to all who call on legitimate business matters;
- C. where the requisitioner has recommended a supplier, the Educational Service Provider may make alternate suggestions to the requisitioner if, in his/her judgment, better service, delivery, economy, or utility can be achieved by changing the proposed order;
- D. upon the placement of a purchase order, the Educational Service Provider shall commit the expenditure against a specific line item to guard against the creation of liabilities in excess of appropriations.

The Educational Service Provider shall determine the amount of purchase which shall be allowed without a properly signed purchase order. Employees may be held personally responsible for anything purchased without a properly signed purchase order or authorization.

The Board may acquire office equipment as defined in law by lease, by installment payments, by entering into lease-purchase agreements, or by lease with an option to purchase, provided the contract sets forth the terms of such a purchase.

COMPUTER TECHNOLOGY AND NETWORKS

The Board of Directors is committed to the effective use of technology to both enhance the quality of student learning and the efficiency of operations within the school system.

However, the use of the Academy's network and technology resources by students is a privilege, not a right. As a prerequisite, students and their parents must sign and submit a *Student Network and Internet Acceptable Use and Safety* form () annually. (See also, Policy 7540.03)

The Educational Service Provider shall develop and recommend for approval by the Board a written School Technology Plan (STP). Procedures for the proper acquisition of technology shall be set forth in the STP. The STP shall also provide guidance to staff and students about making safe, appropriate and ethical use of the Academy's network(s), as well as inform both staff and students about disciplinary actions that will be taken if Board technology and/or networks are abused in any way or used in an inappropriate, illegal, or unethical manner.

Further safeguards shall be established so that the Board's investment in both hardware and software achieves the benefits of technology and inhibits negative side effects. Accordingly, students shall be educated about appropriate online behavior including, but not limited to, using social media to interact with others online; interacting with other individuals in chat rooms or on blogs; and, recognizing what constitutes cyberbullying, understanding cyberbullying is a violation of Academy policy, and learning appropriate responses if they are victims of cyberbullying.

Social media shall be defined as internet-based applications (such as Facebook, My Space, Twitter, etc.) that turn communication into interactive dialogue between users. The Board authorizes the instructional staff to access social media from the Academy's network, provided such access has an educational purpose for which the instructional staff member has the prior approval of the School Leader.

The Board authorizes the access and use of social media from the Academy's network to increase awareness of Academy programs and activities, as well as to promote achievements of staff and students, provided such access and use is approved in advance by the School Leader.

The Educational Service Provider shall review the STP and recommend the approval of any changes, amendments or revisions to the Board annually.

Advances in telecommunications and other related technologies have fundamentally altered the ways in which information is accessed, communicated, and transferred in our society. Such changes are driving the need for educators to adapt their means and methods of instruction, and the way they approach student learning, to harness and utilize the vast, diverse, and unique resources available on the Internet. The Board of Directors is pleased to provide Internet services to its students. The Board encourages students to utilize the Internet in order to promote educational excellence in our schools by providing them with the opportunity to develop the resource sharing, innovation, and communication skills and tools which will be essential to life and work in the 21st century. The instructional use of the Internet will be guided by the Board's policy on Instructional Materials.

The Academy's Internet system has not been established as a public access service or a public forum. The Board has the right to place restrictions on its use to assure that use of the Academy's Internet system is in accord with its limited educational purpose. Student use of the Academy's computers, network, and Internet services (Network) will be governed by this policy and the related Administrative Procedures, and the Student Code of Conduct. The due process rights of all users will be respected in the event there is a suspicion of inappropriate use of the Network. Users have no right or expectation to privacy when using the Network including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity while on the Network.

The Internet is a global information and communication network that provides students and staff with access to up-to-date, highly relevant information that will enhance their learning and the education process. Further, the Internet provides students and staff with the opportunity to communicate with other people from throughout the world. Access to such an incredible quantity of information and resources brings with it, however, certain unique challenges and responsibilities.

First, and foremost, the Board may not be able to technologically limit access to services through the Academy's Internet connection to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted procedures and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in the world, will open classrooms and students to electronic information resources which have not been screened by educators for use by students of various ages.

Pursuant to Federal law, the Board has implemented technology protection measures which block/filter Internet access to visual displays that are obscene, child pornography or harmful to minors. The Academy utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. Nevertheless, parents/guardians are advised that a determined user may be able to gain access to services on the Internet that has not been authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Parents/Guardians assume risks by consenting to allow their child to participate in the use of the Internet. Parents/Guardians of minors are responsible for setting and conveying the standards that their children should follow when using the Internet. The Academy supports and respects each family's right to decide whether to apply for independent student access to the Internet.

The technology protection measures may not be disabled at any time that students may be using the Network, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any student who attempts to disable the technology protection measures will be subject to discipline.

The Educational Service Provider is directed to prepare procedures which address students' safety and security while using e-mail, chat rooms and other forms of direct electronic communications, and prohibit disclosure of personal identification information of minors and unauthorized access (e.g., "hacking"), cyberbullying and other unlawful or inappropriate activities by minors online.

Pursuant to Federal law, students shall receive education about the following:

- A. safety and security while using e-mail, chat rooms, social media, and other forms of direct electronic communications;
- B. the dangers inherent with the online disclosure of personally identifiable information;
- C. the consequences of unauthorized access (e.g., "hacking") cyberbullying and other unlawful or inappropriate activities by students online, and
- D. unauthorized disclosure, use, and dissemination of personal information regarding minors.

The Board directs the Educational Service Provider to implement procedures regarding the appropriate use of technology and online safety and security as specified above. Furthermore, the Educational Service Provider will implement monitoring procedures for the online activities while students are at school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools to review browser history and network, server, and computer logs.

The Educational Service Provider is responsible for providing training so that Internet users under their supervision are knowledgeable about this policy and its accompanying procedures. The Board expects that staff members will provide guidance and instruction to students in the appropriate use of the Internet. Such training shall include, but not be limited

to, education concerning appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, and cyberbullying awareness and response. All Internet users (and their parents if they are minors) are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying procedures.

Students and staff members are responsible for good behavior on the Academy's computers/network and the Internet just as they are in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. The Board does not sanction any use of the Internet that is not authorized by or conducted strictly in compliance with this policy and its accompanying procedures.

Users who disregard this policy and its accompanying procedures may have their use privileges suspended or revoked, and disciplinary action taken against them. Users granted access to the Internet through the Academy's computers assume personal responsibility and liability, both civil and criminal, for uses of the Internet not authorized by this Board policy and its accompanying procedures.

The Board designates the Educational Service Provider as the persons responsible for initiating, implementing, and enforcing this policy and its accompanying procedures as they apply to the use of the Network and the Internet for instructional purposes.

The instructional use of the Internet will be guided by the Board's policy on Instructional Materials.

The Academy's Internet system has not been established as a public access service or a public forum. The Board has the right to place restrictions on its use to assure that use of the Academy's Internet system is in accord with its limited educational purpose. Users have no right or expectation to privacy when using the Network including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity while on the Network.

The Internet is a global information and communication network that provides an incredible opportunity to bring previously unimaginable education and information resources to our students. The Internet connects computers and users in the Academy with computers and users worldwide. Through the Internet, students and staff can access up-to-date, highly relevant information that will enhance their learning and the education process. The technology protection measures may not be disabled at any time that students may be using the Network, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any staff member who attempts to disable the technology protection measures will be subject to disciplinary action, up to and including termination.

The School Leader or designee may disable the technology protection measure to enable access for bona fide research or other lawful purposes.

The Educational Service Provider is directed to prepare procedures which address students' safety and security while using e-mail, chat rooms and other forms of direct electronic communication, and prohibit disclosure of personal identification information of minors and unauthorized access (e.g., "hacking"), cyberbullying and other unlawful or inappropriate activities by minors online. Staff members are reminded that personally identifiable student information is confidential and may not be disclosed without prior written parental permission.

The Board directs the Educational Service Provider to initiate professional development programs in accordance with the provisions of law and this policy. Training shall include:

- A. the safety and security of students while using e-mail, chat rooms, social media and other forms of direct electronic communications;
- B. the inherent danger of students disclosing personally identifiable information online;
- C. the consequences of unauthorized access (e.g., "hacking"), cyberbullying and other unlawful or inappropriate activities by students or staff online; and
- D. unauthorized disclosure, use, and dissemination of personal information regarding minors.

Furthermore, the Board directs the Educational Service Provider to cause to provide instruction for students regarding the appropriate use of technology and online safety and security as specified above, and the Educational Service Provider will implement monitoring procedures for the online activities while students are at school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools to review browser history and network, server, and computer logs.

The disclosure of personally identifiable information about students online is prohibited.

Educational Service Provider is responsible for providing training so that Internet users under their supervision are knowledgeable about this policy and its accompanying procedures. The Board expects that guidance will be provided and instruction offered to students in the appropriate use of the Internet. Such training shall include, but not be limited to, education concerning appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, and cyberbullying awareness and response. All Internet users are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying procedures.

The Board expects all Academy personnel to be responsible for good behavior on Academy computers/network and the Internet just as in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature.

General Academy rules for behavior and communication apply. The Board does not sanction any use of the Internet that is not authorized by or conducted strictly in compliance with this policy and its accompanying procedures. Users who disregard this policy and its accompanying procedures may have their use privileges suspended or revoked, and disciplinary action taken against them. Users granted access to the Internet through the Academy's computers assume personal responsibility and liability, both civil and criminal, for uses of the Internet not authorized by this policy and its accompanying procedures.

Social Media Use

Personal or private use of social media, such as Facebook, Twitter, MySpace, blogs, etc., may result in unintended consequences. While the Board respects employees First Amendment rights, those rights do not include permission to post inflammatory comments that could compromise the Academy's Mission, undermine staff relationships, or cause a substantial disruption to the school environment. This warning includes Academy personnel online conduct that occurs off school property, including from the Academy's personal or private computer. Postings to social media should be done in a manner sensitive to the staff member's professional responsibilities.

In addition, Federal and State confidentiality laws forbid schools and Academy employees from using or disclosing student education records without parental consent. See Policy 8330. Education records include a wide variety of information; posting personally identifiable information about students is not permitted. Academy personnel who violate State and Federal confidentiality laws or privacy laws related to the disclosure of confidential employee information may be disciplined.

The Board designates the Educational Service Provider as the administrators responsible for initiating, implementing, and enforcing this policy and its accompanying procedures as they apply to the use of the Network and the Internet for instructional purposes.

PUBLIC RECORDS

Reference: MCL 15.231 et seq.
MCL 445.81 et seq.
Michigan Federation of Teachers v. University of Michigan, 481 Mich. 657 (2008)

The Board of Directors recognizes its responsibility to maintain the public records of this Academy and to make such records available to residents of Michigan for inspection and reproduction.

The public records of this Academy include any writing or other means of recording or retaining meaningful content prepared, owned, used, in the possession of, or retained by the Academy, its Board, officers, or Educational Service Provider subject to certain exemptions according to the Michigan Freedom of Information Act (FOIA).

Any person may make a written request for any public records of the Academy. The person may inspect, copy, or receive copies of the public record requested. The Academy shall respond to such requests within five (5) working days after receipt unless otherwise agreed to in accordance with the Freedom of Information Act.

An individual may purchase copies of the Academy's public records upon payment of a fee. No original public record may be removed from the office in which it is maintained except by a Board officer or employee in the course of the performance of his/her duties. Neither the Board nor Educational Service Provider shall permit the release of the social security number of an employee, student, or other individual except as authorized by law (see Policy 8350 and AG 8350).

The Board chooses not to provide for enhanced access to any of its public records.

The Board has determined that personal and confidential information provided to and retained by the Academy on parents, students, staff and others will be considered exempt from disclosure pursuant to a Freedom of Information Act request, unless advised specifically by the Academy's legal counsel that the particular information must be released. Such personal and confidential information shall include home addresses, telephone numbers, e-mail addresses or website pages (e.g. My Space, Facebook), except as they are specifically related to the operation of the schools, or specifically authorized for release by the individual, or the parent/guardian if the individual is a minor.

Nothing in this policy shall be construed as preventing a Board member from inspecting in the performance of his/her official duties any record of this Academy, except student records and certain portions of personnel records.

The Educational Service Provider is authorized to dispose of correspondence on a daily basis including those transmitted by means of voice mail or E-mail, providing the message does not alter existing Academy records.

The Educational Service Provider is responsible for transmission of data contained in the single record student data base established by the Michigan Department of Education. Such transmission shall be in accordance with procedures established by the Ottawa Intermediate School District and the Center for Educational Performance and Information (CEPI).

The Educational Service Provider shall establish Administrative Procedures to ensure proper compliance with the intent of this policy and the Freedom of Information Act.

ACADEMY SAFETY INFORMATION

Reference: Title IX, Section 9532 of the No Child Left Behind Act of 2001
MCL 380.1308 and 380.1310a, 771.2a

The Board of Directors is committed to maintaining a safe school environment. The Board believes crime and violence at the Academy are potential, multifaceted problems that need to be addressed by utilizing the best resources and coordinated efforts of Academy personnel, law enforcement agencies, and families. The Board further believes the Academy and local law enforcement officials must work together to provide for the safety and welfare of students while at the school, at a school-sponsored activity or while en route to or from the school or a school-sponsored activity. The Board also believes the first step in addressing school crime and violence is to assess the extent and nature of the problem(s), then plan and implement strategies that promote safety and minimize the likelihood of crime and violence at the Academy.

Michigan law establishes a "Student Safety Zone" that extends 1,000 feet from the boundary of any school property in relation to weapons, drugs and registered sex offenders. Individuals are prohibited from engaging in these activities at any time on school property, within the Student Safety Zone, or at any school-related event.

The Academy will work with local officials in arranging signage defining the 1,000 foot boundary.

The School Leader shall take the necessary steps so that an individual eighteen (18) years of age or older, who is a registered sex offender and resides, works, or loiters in violation of the Student Safety Zone, is reported to the local authorities.

The Educational Service Provider shall hold a meeting for the purpose of reviewing the provisions of the *School Safety Information Policy Agreement* and making modifications deemed necessary and proper by the participants in the meeting. The agenda will also include discussion of additional training needed and any other such related matters. Participants in this meeting shall include the School Leader, members of the Board of Directors, the County Prosecutor or his/her designee, and representatives from the local law enforcement agencies. Others may also be invited to participate in the meeting.

The Educational Service Provider shall make a report to the Board about this annual review and recommend the approval and adoption of any proposed revisions or additions.

Academy Contact Person

Furthermore, in accordance with state law, the Board hereby designates the School Leader as the Academy contact person who shall receive information from law enforcement officials, prosecutors and the court officials, and in turn, notify the staff members who need to know the information within twenty-four (24) hours of its receipt.

The School Leader shall notify the appropriate law enforcement officials when an eligible student commits any offense listed as a reportable incident in the *School Safety Information Policy Agreement*. Reporting such information is subject to Section 444 of subpart 4 of part C of the General Education Provisions Act, Title IV of Public Law 90-247, 20 USC 1232g, commonly referred to as the Family Educational Rights and Privacy Act of 1974.

If a student is involved in an incident reported to law enforcement officials, pursuant to the *School Safety Information Policy Agreement*, then, upon request by Academy officials, the student's parent or legal guardian shall execute any waivers or consents necessary to allow Academy officials access to Academy, court, or other pertinent records of the student concerning the incident and action taken as a result of the incident.

Required Reporting

The Educational Service Provider shall submit a report at least annually to the Superintendent of Public Instruction, in the form prescribed by the Superintendent of Public Instruction, stating the number of students expelled from the Academy during the preceding school year and the reason for the expulsion.

The Educational Service Provider shall also submit a report, at least annually, to the Superintendent of Public Instruction, in the form prescribed by the Superintendent of Public Instruction, stating the incidents of crime occurring at the Academy. At least once annually, a copy of the most recent report of incidents of crime shall be made available to the parent or legal guardian of each student enrolled in the Academy. This report will minimally include crimes involving any of the following:

- A. physical violence;
- B. gang related acts;
- C. illegal possession of a controlled substance, controlled substance analogue or other intoxicant;
- D. trespassing;
- E. property crimes, including, but not limited to, theft and vandalism, as well as an estimate of the cost to the Academy that results from the property crime.

The School Leader shall collect weekly and keep current the information required for the report on incidents of crime, and must provide that information, within seven (7) days, upon request.

Law Enforcement Information Network (LEIN)

The Board authorizes the School Leader to request vehicle registration information for suspicious vehicles within 1,000 feet of school property through the Law Enforcement Information Network (LEIN).

Persistently Dangerous Schools

The Board recognizes the requirement of State and Federal law for the Academy to annually report to the Michigan Department of Education incidents, meeting the statutory definition of violent criminal offenses that occurred in the Academy, on school grounds, on a school conveyance, or at a school-sponsored activity. The State Department of Education will then use this data to determine if a school is considered "persistently dangerous," as defined by State policy.

Pursuant to the Board's stated intent to provide a safe school environment, Academy administrators are expected to respond appropriately to any and all violations of the Student Code of Conduct, especially those of a serious, violent nature. In any year where the number of reportable incidents of violent criminal offenses in the Academy exceed the threshold number established in State policy, the School Leader shall discuss this problem at the annual meeting, for the purpose of reviewing the School Safety Plan, so that a plan of corrective action can be developed and implemented to reduce the number of these incidents in the subsequent year.

The Educational Service Provider shall make a report to the Board about this plan of corrective action and shall recommend approval and adoption of it.

In the unexpected event that the number of reportable incidents in three (3) consecutive school years exceeds the statutory threshold and the Academy is identified as “persistently dangerous,” students attending the Academy shall have the choice option as provided in Policy 5113.02 and AG 5113.02.

In addition, the Educational Service Provider shall

- A. discuss at the annual meeting the Academy’s designation as a “persistently dangerous” school, review the School Safety Plan, and suggest a plan of corrective action to be developed and implemented to reduce the number of these incidents in the subsequent year.
- B. convene a meeting of the building administrator, representative(s) of the local law enforcement agencies and any other individuals deemed appropriate for the purpose of developing a plan of corrective action to reduce the number of these incidents in the subsequent year.
- C. If a school in a neighboring Local Educational Agency is identified as “persistently dangerous” and there is not another school in that Local Educational Agency, the Academy will admit students from that school in accordance with Board Policy 5113.02.

Victims of Violent Crime

Despite the diligent efforts of the Educational Service Provider and staff to provide a safe school environment, the Board recognizes that an individual student may be a victim of a violent crime in the Academy, on school grounds, on a school conveyance, or at a school-sponsored activity. In accordance with Federal and State law, the parents of the eligible student shall have the choice options provided by Policy 5113.02 and AG 5113.02, if applicable.

INTEGRATED PEST MANAGEMENT

Reference: MCL 324.8316 [This policy applies to all pest control activities and pesticide use in the school building and related facilities including grounds. Recipients of this policy include faculty, other staff, or any employees or independent contractors monitoring or treating pest problems. Each recipient is required to follow this policy.]

Purpose

The goal of this integrated pest management policy is to provide a safe and healthy learning environment that is relatively pest-free with the least possible use of pesticides. To achieve this goal, it is the policy of the Academy to develop, implement and maintain an integrated pest management program for the control of pests and minimize pesticide exposure to children, faculty, and staff. This policy is consistent with MCL 324.8316, which encourages schools to adopt an IPM strategy.

Sanitizers, germicides, disinfectants, or antimicrobials are exempt from the IPM notification requirements. This policy adheres to the principles of IPM and is conducted in accordance with all federal and state laws and regulations and local ordinances.

Pests are controlled to protect the health and safety of students and staff, maintain a productive learning environment and maintain the integrity of the school building and grounds. IPM is a pest management system that uses all suitable techniques in a total management system to prevent pests from reaching unacceptable levels or to reduce existing pest populations to acceptable levels while balancing the risk of the pest with the potential risk of the management technique.

Development of IPM program

The Academy's IPM program written under this policy states the Academy's goals regarding the management of pests and the use of pesticides. It reflects the Academy's site-specific needs and includes the following elements as required by law:

- A. Site evaluation, including site description, inspection, and monitoring and the concept of threshold levels;
- B. Consideration of the relationship between pest biology and pest management methods;
- C. Consideration of all available pest management methods, including population reduction techniques, such as mechanical, biological, and chemical techniques and pest prevention techniques, such as habitat modification;
- D. Pest controls methods selection, including consideration of the impact on human health, especially for children, and the environment; and
- E. Continued evaluation of the integrated pest management program.

The Educational Service Provider or designee for the Academy shall be responsible for ensuring that an IPM program is developed and is in compliance with MCL 324.8316.

Education /Training

The Academy community will be educated about potential pest problems and IPM methods used to achieve the pest management objectives.

The IPM Coordinator, school staff and pesticide applicators involved with implementation of the Academy IPM program will be trained in appropriate components of IPM as it pertains to the school environment.

Students, parents/guardians will be provided with information on this policy and instructed on how they can contribute to the success of the IPM program.

Record keeping

Records of pesticide use shall be maintained on-site to meet the requirements of the Michigan Department of Agriculture and the Board. Records shall also include, but are not limited to, pest surveillance data sheets and other non-pesticide pest management methods and practices utilized.

Notification/Posting

The School Leader or IPM Coordinator of the Academy is responsible for timely pre-notification to students' parents or guardians and the school staff of pesticide treatments pursuant to the requirements under the Natural Resources and Environmental Protection Act, MCL 324.8316.

Re-entry

In accordance with the Natural Resources and Environmental Protection Act, Part 83, reentry to a pesticide treated area may not occur less than 4 hours after application unless the product label requires a longer reentry period. Outdoor ornamental and turf applications of liquid spray pesticides shall not be made on school grounds within 100 feet of an occupied classroom during normal school hours or when persons are using the treatment area.

Pesticide applicators

The IPM coordinator shall ensure that pesticide applicators, as well as school staff and volunteers follow state regulations, including licensing requirements, applicator certification or registration, and IPM training, label precautions, and comply with all components of the IPM Program.

Evaluation

Annually, the Educational Service Provider will report to the Academy Board on the effectiveness of the IPM plan and make recommendations for improvement as needed.

The Educational Service Provider is responsible to develop Administrative Procedures for the implementation of this policy.

20 USC 4011 et. seq.
Asbestos Hazard Emergency Response Act of 1986 (AHERA)
Asbestos School Hazard Abatement Act of 1984
Asbestos School Hazard Abatement Reauthorization Act of 1990

The Board of Directors is concerned for the safety of the students and staff members and will comply with all Federal and State statutes and regulations concerning hazards resulting from industrial accidents beyond the control of Academy officials and/or from the presence of asbestos materials used in previous construction.

Toxic Hazards

These hazards exist in chemicals, pesticides, and other substances used in school settings such as laboratories, science classrooms, and kitchens. Such toxins are also found in the cleaning supplies for the school's rooms and equipment. The Educational Service Provider will appoint an employee to serve as Toxic Hazard Preparedness (THP) Officer. The THP Officer will be responsible for the following:

A. *Hazard Determination*

Identifying potential sources of toxic hazards, in cooperation with material suppliers, who shall supply the Toxic Hazard Preparedness Officer with Material Safety Data Sheets (MSDSs). The School Leader will rely on MSDSs from material suppliers to meet hazard determination requirements.

B. *Labeling*

Ensuring that all incoming materials are properly labeled with the identity of the chemical, the hazard warning, and the name and address of the manufacturer or responsible party and making certain that any containers to which the materials are transferred are also properly labeled.

C. *Material Safety Data Sheets*

Maintaining a current file of MSDSs for all hazardous materials present on school property. The MSDS files will be kept at the main office.

MSDSs will be available for review by all employees. Copies will be available upon request of the Toxic Hazard Preparedness Officer. Posters will be displayed, identifying the person responsible for monitoring MSDSs and where MSDSs are located at the main office. When new MSDS are received, notification posters for employees will be displayed in the same location.

The Toxic Hazard Preparedness Office shall contact the supplier, in writing, if a required MSDS is not received and shall promptly procure the MSDS before releasing the material for use.

If he/she is unable to obtain an MSDS from a supplier, he/she should contact MIOSHA's Occupational Health Division (OHD) or General Industry Safety Division for assistance in obtaining the MSDS.

Multi-Employer Work Sites – Informing Contractors

Informing contractors and their employees of any hazardous substances to which they may be exposed; determining measures to be employed to control or eliminate exposure; labeling system for container and pipes used onsite; and informing staff where applicable MSDSs can be reviewed or obtained. WELLNESS

Reference: Richard B. Russell National School Lunch Act, 42 USC §§ 1751, 1758, 1766; Child Nutrition Act, 42 USC § 1773

The Board recognizes that good nutrition and regular physical activity affect the health and well-being of the Academy's students. Furthermore, research concludes that there is a positive correlation between a student's health and well-being and his/her ability to learn. Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, by supporting the development of good eating habits, and by promoting increased physical activity both in and out of school.

The Board, however, believes this effort to support the students' development of healthy behaviors and habits with regard to eating and exercise cannot be accomplished by the schools alone. It will be necessary for not only the staff, but also parents and the public at large to be involved in a community-wide effort to promote, support, and model such healthy behaviors and habits.

The Board sets the following goals in an effort to enable students to establish good health and nutrition habits:

- A. With regard to nutrition education, the Academy shall:
(Specific goals need to be inserted here. See Appendix A.)
- B. With regard to physical activity, the Academy shall:
(Specific goals need to be inserted here. See Appendix B.)
- C. With regard to other school-based activities the Academy shall:
(Specific goals need to be inserted here. See Appendix C.)

Furthermore, with the objectives of enhancing student health and well being, and reducing childhood obesity, the following guidelines are established:

(Specific guidelines need to be inserted here. See Appendix D.)

The Educational Service Provider shall develop Administrative Procedures necessary to implement this policy, including, but not limited to, the manner in which the implementation of this policy shall be regularly evaluated by the principal of each school. The Board designates the Educational Service Provider and Director as the individuals charged with operational responsibility for verifying that the Academy meets the goals established in this policy.

Board of Directors of the Academy hereby directs its leadership team to implement strategies that will keep the Academy in compliance with the latest Federal and State initiatives on Wellness and Nutrition for its staff and students.

The Educational Service Provider shall report on the Academy's compliance with this policy and the progress toward achieving the goals set forth herein when requested to do so by the Board.

Review of this policy shall occur every five (5) years, by a committee appointed by the Board, consisting of a representative(s) of the Board, the administration, the food service provider, the parents, the students, and the public. The committee shall provide the Board with any recommended changes to this policy.
