

# precademy

By embracing innovation, Precademy will equip our preschoolers to become global leaders and thinkers through play, exploration and experiential learning.

## Foundations Include:

- Focus on whole-child learning, in which we attend to each child's needs academically, emotionally, and socially
- Fostering a learning environment that is rooted in a culture embracing uniqueness and relationships; we are a family that grows
- Helping kids to be loving and compassionate
- Student-led and blended learning; using technology to fit varying learning styles
- Encourage mentoring and working with diverse groups
- Intentional stewardship and social responsibility in our students, parents, families, staff, and partners
- Encourage strong parent and community involvement and investment
- Utilize a year-round calendar and curriculum
- Build business partnerships based in reciprocated support
- Develop global leaders and thinkers with a foundation in the principles of "Leader in Me"; based on the Seven Habits of Highly Effective People
