Want to promote this fundraiser through social media? Below are the steps you can use to help your friends and family support your student traveler from a distance. Please be aware your student will only earn \$10/book purchased through this link and it will not count towards the 6 book bonus. However, \$10 in earnings is better than no earnings at all.

1. Follow the link below to create seller account.

<https://www.supportourgrouops.com/SellerRegistration/GN/274549>

2. You will receive an individualized home page for your friends and family to see. From here they will be able to see all of the books available through SaveAround, local, statewide and across the country!
3. If you will see these friends/family through the holidays, encourage them to use the link to see the coupons inside the book but to contact you directly to order. This is a win-win for everyone; your friends/family will save money on shipping and your kiddo will earn more for their field experience.
4. If the friend/family chooses to order through this link, SaveAround will mail them their book directly upon closing of our fundraiser at the end of October.
