HEALTH APPRAISAL

Dear Parent or Guardian: The following information is requested so that the school can work with the parent to meet the physical, intellectual and emotional needs of the child. Fill out the information requested in Section I. Section III may be certified by the transcription of information from the certificate of immunization. The remaining sections are to be completed by a doctor, nurse and dentist. (**BE SURE TO BRING YOUR CHILD'S IMMUNIZATION RECORDS TO THE EXAMINATION**.)

PERSONAL

CHILD'S NAME (Last, First, Middle)			DATE OF BIRTH (mm/dd/yy)
			/ /
ADDRESS (Number & Street)	(City)	(ZIP Code) MI	TODAY'S DATE (mm/dd/yy) / /
PARENT/GUARDIAN (Last, First, Middle)			HOME TELEPHONE NUMBER ( )
ADDRESS (Number & Street)	(City)	(ZIP Code) MI	WORK TELEPHONE NUMBER ( )

SECTION I - HEALTH HISTORY

Yes	No	Resolved	# Is your child having any of the problems listed below?
☐	☐	☐	1 Allergies or Reactions (for example, food, medication or other)
☐	☐	☐	2 Hay Fever, Asthma, or Wheezing
☐	☐	☐	3 Eczema or Frequent Skin Rashes
☐	☐	☐	4 Convulsions/Seizures
☐	☐	☐	5 Heart Trouble
☐	☐	☐	6 Diabetes
☐	☐	☐	7 Frequent Colds, Sore Throats, Earaches (4 or more per year)
☐	☐	☐	8 Trouble with Passing Urine or Bowel Movements
☐	☐	☐	9 Shortness of Breath
☐	☐	☐	10 Speech Problems
☐	☐	☐	11 Menstrual Problems
☐	☐	☐	12 Dental Problems: Date of Last Exam / /
☐	☐	☐	Other (please describe): _____
☐	☐		Does your child take any medication(s) regularly?
Reason for Medication			

Birth History:

Are there any current or past diagnosis(es) ☐ Yes ☐ No

If yes, please describe:

If yes, list medications:

_____ / /

Parent/Guardian Signature Date

Was the health history reviewed by a health professional?

☐ Yes ☐ No ***Examiner's Initials:*** _____

SECTION II - PHYSICAL EXAMINATION, INSPECTION, TESTS AND MEASUREMENTS

Required for Child Care and Head Start / Early Head Start

Tests and Measurements

No	Yes	Was child tested for:	Test results:	Normal	Referred	Under Care
☐	☐	VISION	Visual Acuity			
			Muscle Imbalance			
		Date: / /	Other:			
☐	☐	HEARING	Audiometer			
			Other:			
		Date: / /				
☐	☐	URINALYSIS	Sugar			
			Albumin			
		Date: / /	Microscopic			
☐	☐	BLOOD LEAD LEVEL	Level _____ ug/dl ⇨			
		Date: / /				

No	Yes	Was child tested for:	Test results:	Normal	Referred	Under Care
☐	☐	HEIGHT & WEIGHT	Height			
			Weight			
☐	☐	Other: _____	Other			
☐	☐	HEMOGLOBIN / HEMATOCRIT	⇨			
☐	☐	BLOOD PRESSURE	Reading: _____			
☐	☐	TUBERCULIN	Type: _____			
		Date: / /	Neg.: ☐ Pos.: ☐ _____ mm			

NOTE: Blood lead level required for all children enrolled in Medicaid must be tested at one and two years of age, or once between three and six years of age if not previously tested. All children under age six living in high-risk areas should be tested at the same intervals as listed above.

Examinations and/or Inspections

Essential Findings Deviating from Normal:

Exam Date: / /

SECTION III - IMMUNIZATIONS

Statements such as "UP-TO-DATE" or "COMPLETE" will not be accepted. Admission to school may be denied on the basis of this information.*

VACCINES (Circle Type)	DATE ADMINISTERED MM/DD/YYYY	
Hepatitis B (Hep B)	1	3
	2	
DTaP/DTP/DT/Td	1	4
	2	5
	3	6
Tdap	1	
Haemophilus Influenzae type b (HIB)	1	3
	2	4
Polio (IPV/OPV)	1	3
	2	4
Pneumococcal Conjugate (PCV7/PCV13)	1	3
	2	4
Rotavirus (RV1/RV5)	1	3
	2	
Measles,Mumps, Rubella (MMR)	1	2
Varicella (Chickenpox)	1	2

VACCINES (Circle Type)	DATE ADMINISTERED MM/DD/YYYY	
Hepatitis A (Hep A)	1	2
Influenza (TIV/LAIV)	1	3
	2	4
Meningococcal (MCV4 / MPSV4)	1	2
Human Papillomavirus (HPV4/HPV2)	1	3
	2	
	Type of Vaccine(s)	Date of Vaccine(s)
OTHER Vaccines Specify Date & Type	1	
	2	
	3	

History of Chickenpox Disease? ☐ Yes ☐ No If yes, date:

Indicate and attach physician diagnosis or laboratory evidence of immunity as applicable

*NOTE: According to Public Act 368 of 1978, any child enrolling in a Michigan school for the first time must be adequately immunized, vision tested and hearing tested. Exemptions to these requirements are granted for medical, religious and other objections, provided that the waiver forms are properly prepared, signed and delivered to school administrators. Forms for these exemptions are available at your child's school or local health department.

Parent/Guardian refused immunizations: ☐

I certify that the immunization dates are true to the best of my knowledge

_____ _____ / / _____

Health Professional's Signature | Title | Date

SECTION IV - RECOMMENDATIONS

(Required for Child Care and Head Start/Early Head Start)

No	Yes	
☐	☐	Is there any defect of vision, hearing or other condition for which the school could help by seating or other actions? If yes, please explain:
☐	☐	Should the child's activity be restricted because of any physical defect or illness? If yes, check and explain degree of restriction(s): ☐ Classroom ☐ Playground ☐ Gymnasium ☐ Swimming Pool ☐ Competitive Sports ☐ Other

Other Recommendations

SECTION V - DENTAL EXAMINATION AND RECOMMENDATIONS (OPTIONAL)

I have examined _____'s teeth. As a result of this examination, my recommendation for treatment is: _____

child's name

_____ / /

Dentist's Signature | Date

PHYSICIAN'S SIGNATURE

_____ / / _____ _____

Examiner's Signature | Date | ***Examiner's Name (Print or Type)*** | Degree or License

_____ _____ MI _____ (_____) _____

Number & Street | City | ZIP Code | Telephone

Information required for:

Early On - Hearing and Vision Status; Diagnosis; Health Status

Child Care Licensing - Physical Exam, Restrictions, Immunizations

Head Start/Early Head Start - Determination that child is up-to-date on a schedule of age-appropriate preventive and primary health care, including medical, dental, and mental health. The schedule must incorporate the well-child care visit required by EPSDT and the latest immunizations schedule recommended by the Centers for Disease Control and Prevention, State, tribal, and local authorities. An EPSDT well-child exam includes height, weight, and blood tests for anemia at regular intervals based on age.

PARENT & STUDENT CONCUSSION INFORMATION SHEET

"IT'S BETTER TO MISS ONE GAME THAN THE WHOLE SEASON"

HEADS UP CONCUSSION

WHAT IS A CONCUSSION?

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious.

DID YOU KNOW?

- Most concussions occur without loss of consciousness.
- Individuals who have, at any point in their lives, had a concussion have an increased risk for another concussion.
- Young children and teens are more likely to get a concussion and take longer to recover than adults.

CONCUSSION DANGER SIGNS

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. An injured individual should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

- One pupil larger than the other
- Is drowsy or cannot be awakened
- A headache that gets worse
- Weakness, numbness, or decreased coordination
- Repeated vomiting or nausea
- Slurred speech
- Convulsions or seizures
- Cannot recognize people or places
- Becomes increasingly confused, restless, or agitated
- Has unusual behavior
- Loses consciousness (even a brief loss of consciousness should be taken seriously)

WHAT ARE THE SIGNS AND SYMPTOMS OF CONCUSSION?

Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury.

If a student reports one or more symptoms of concussion after a bump, blow, or jolt to the head or body, s/he should be kept out of play the day of the injury. The student should only return to play with permission from a health care professional experienced in evaluating for concussion.

SYMPTOMS REPORTED BY INJURED INDIVIDUAL:

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light
- Sensitivity to noise
- Feeling sluggish, hazy, foggy, or groggy
- Concentration or memory problems
- Confusion
- Just not "feeling right" or is "feeling down"

SIGNS OBSERVED BY STAFF:

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows mood, behavior, or personality changes
- Can't recall events prior to hit or fall
- Can't recall events after hit or fall

WHY SHOULD A STUDENT REPORT THEIR SYMPTOMS?

If a student has a concussion, his/her brain needs time to heal. While a student's brain is still healing, s/he is much more likely to have another concussion. Repeat concussions can increase the time it takes to recover. In rare cases, repeat concussions can result in brain swelling or permanent damage to their brain. They can even be fatal.

WHAT SHOULD YOU DO IF YOU THINK YOUR STUDENT HAS A CONCUSSION?

1. If you suspect that a student has a concussion, remove the individual from play and seek medical attention. Do not try to judge the severity of the injury yourself. Keep the student out of play the day of the injury and until a health care professional, experienced in evaluating for concussion, says s/he is symptom-free and it's OK to return to play.

2. Rest is key to helping an individual recover from a concussion. Exercising or activities that involve a lot of concentration, such as studying, working on the computer, and playing video games, may cause concussion symptoms to reappear or get worse. After a concussion, returning to sports and school is a gradual process that should be carefully managed and monitored by a health care professional.

3. Remember: Concussions affect people differently. While most individuals with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer.
